Dear Parents/Guardians and Students:

Welcome to Agua Fria Union High School District.

Success in school occurs when there is close cooperation between its students, staff and parents. The purpose of this handbook is to communicate the expectations of the Agua Fria Union High School District (herein referred to as the District) for student conduct to promote a safe, orderly and positive learning environment and to address certain student rights and responsibilities. The District Governing Board, administration, and staff regard student and staff safety as paramount while also ensuring students' rights are protected.

The contents of the Student Rights & Responsibilities Handbook are intended to be a general guide of commonly asked questions or common occurrences. It is not inclusive of all policies. For a complete overview of school policies, please reference Arizona Revised Statutes and/or Agua Fria Union High School District Board Policy.

The entire Agua Fria Union High School Governing Board Policy Manual is now available on the Internet. Instructions are included in the handbook to assist you (<http://azsba.org/policybridge>)

If you have any questions regarding these policies or procedures, please contact your school of attendance.

WE SUGGEST YOU KEEP THIS HANDBOOK AVAILABLE THROUGHOUT THE SCHOOL YEAR FOR REFERENCE.

Preamble

The Agua Fria Union High School District does not tolerate drugs, weapons or threatening behavior. Any such act will result in a recommendation for long term suspension or expulsion. There are a variety of consequences (discipline) for misconduct. Depending on the seriousness of the situation, there may be more than one consequence for a single event. Nothing in the Discipline Guidelines is intended to restrict the District from imposing more or less severe consequences if, in the discretion of the District, the severity of harm, danger, damage or the potential for harm, danger or damage warrants it, or if one incident involves more than one infraction.

In addition, although not listed as a potential consequence on the matrix for a particular behavior, long term suspension or expulsion may be imposed based upon the facts.

The Agua Fria Union High School District uses a progressive discipline philosophy. The purpose of this handbook is to ensure consistency in discipline consequences District wide. Each discipline referral will be investigated on a case-by-case basis to ensure just and fair application of these guidelines. The District superintendent, the hearing officer and the Governing Board have the discretion to impose a consequence they consider most appropriate for the particular infraction and surrounding facts.

When a student is referred to the principal/designee for a discipline infraction, the administrator conducts a conference with the student(s). The administrator may then, dependent upon circumstances, contact the parent/guardian by phone. When a student requests that his/her parent or guardian be contacted by phone, the administration will do so depending on the circumstances. If the administration is unable to reach the parent/guardian at the time of the conference, he/she will continue to conduct the investigation in a timely manner.

A parent/guardian will be notified of out of school suspensions by a written form. The administrator will also make a personal phone call to notify parents of suspensions and expulsions.

The extent of the due process required will depend upon the severity of the infraction and the related consequence. Campus administrators may use their in school suspension program as a disciplinary action in lieu of out of school suspension on designated infractions. (See *Disciplinary Guidelines: Grades 9-12* on pages 58-69).

The District has entered into agreements with various governmental agencies whereby the District has agreed to cooperate fully with the governmental agency when a student commits an act in violation of the law.

Please Note: Federal privacy laws prohibit the District from naming students involved in disciplinary actions and from revealing the consequences of those actions to the parents of other students.

Student Rights

(Policy JI and Regulation JI-R)

This policy sets forth guidelines by which student rights are to be determined consistent with law.

The Board has the authority and responsibility to establish reasonable rules and regulations for the conduct and deportment of students of the District. At the same time, no student shall be deprived of equal treatment and equal access to the educational program, due process, and free expression and association in accordance with these guidelines.

Attendant upon the rights established for each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the rules and regulations of this District.

Students who have reached the age of eighteen (18) years possess the full rights of adults and may authorize school matters previously handled by their parents.

The Superintendent shall develop and promulgate administrative procedures consistent with law and Board policy to ensure that student rights under varying conditions are properly described.

Such procedures shall be reviewed annually and updated when required

All students are entitled to enjoy the basic rights of citizenship that are recognized and protected by laws of this country and state for persons of their age and maturity. Each student is obligated to respect the rights of classmates, teachers, and other school personnel. District schools shall foster a climate of mutual respect for the rights of others.

Such environment will enhance both the educational purpose for which the District exists and the educational program designed to achieve that purpose.

All District personnel shall recognize and respect the rights of students, just as all students shall exercise their rights responsibly, with due regard for the equal rights of others and in compliance with the rules and regulations established for the orderly conduct of the educational mission of the District. Students who violate the rights of others or who violate rules and regulations of the District or of their school are subject to appropriate disciplinary measures designed to correct their own misconduct and to promote adherence by them and by other students to the responsibilities of citizens in the school community.

The following basic guidelines of rights and responsibilities shall not be construed to be all-inclusive, nor shall it in any way diminish the legal authority of school officials and the Governing Board to deal with disruptive students.

Rights:

- Students have the right to a meaningful education that will be of value to them for the rest of their lives.
- Students have the right to a meaningful curriculum and the right to voice their opinions, through representatives of the student government, in the development of such a curriculum.
- Students have the right to physical safety, safe buildings, and sanitary facilities.

- Students shall not be subjected to unreasonable or excessive punishment.

Parent Access to Teacher Resumés (Policy KB, KB-R, KB-EA and KB-EB)

Resumés of all current and former instructional personnel shall be maintained and available for inspection by parents and guardians of pupils enrolled. The resumé shall include individual educational and teaching background and experience in a particular academic content subject area.

For the purposes of this policy *parent* means the natural or adoptive parent or legal guardian of a minor child.

When a parent submits a written request for information to the Superintendent or a school principal during regular business hours:

A. The Superintendent or principal shall:

1. Deliver the requested information to the parent within ten (10) calendar days, or
2. Provide to the parent a written explanation for denial of the requested information.

B. If the requested information is denied or is not received by the parent within fifteen (15) calendar days:

1. The parent may submit to the Governing Board a request for the requested information, and
2. The Governing Board shall consider the request at the next scheduled meeting of the Board on which the request can be properly noticed. If the request cannot be properly noticed on the next scheduled meeting agenda, the Governing Board shall formally consider the request at the next subsequent public meeting of the Governing Board.

Freedom of Expression (Policy JICEC)

Students possess inalienable rights to develop, believe, and follow personal viewpoints and beliefs to the extent their viewpoints and beliefs do not infringe upon nor denigrate the same rights of others.

The District shall not discriminate against students or parents on the basis of a religious viewpoint or religious expression. If a student includes in an assignment a viewpoint expression, an evaluation of the student's work shall be based on ordinary standards of substance and relevance to the course curriculum or requirements of the coursework or assignment, and shall not penalize or reward the student on the basis of religious content or viewpoint.

Students are to be permitted to pray or engage in religious activities or expression in the same manner and to the same extent as students are permitted to engage in nonreligious activities or expression, before, during, and after the school day.

To the extent and in the manner that other types of clothing, accessories, and jewelry displaying messages or symbols are permitted, students are permitted to wear clothing, accessories, and jewelry that display religious messages or symbols.

Acknowledging and permitting the above freedoms is not to be interpreted to mean the District is requiring any person to participate in prayer or other religious activities nor attempting to violate the constitutional rights of any person.

The District does retain its rights to:

- Maintain order and discipline on District property in a content and viewpoint neutral manner.
- Protect the safety of students, employees, and visitors on District property.
- Adopt and enforce policies and regulations concerning student speech while on District property in a manner that does not violate a student's state and federal constitutional rights.
- Adopt and enforce policies and regulations that ban student clothing, accessories, and jewelry worn to convey affiliation with a criminal street gang

Right to Access Educational Resources

A student has the right to be informed of school board policies, District regulations, and the rules of the student's school, classrooms and school buses.

A student is entitled to be informed of the academic requirements of courses, to be advised of progress, and to have opportunities for assistance. Grades should reflect a teacher's objective evaluation of a student's academic achievement.

Students have the right to use buildings, grounds, equipment, and instructional materials necessary to meet the requirements and needs of their curricular and co-curricular programs in accordance with procedures established by the administration.

The student exercising the right to use the resources provided shall also accept the responsibility for the preservation and care of the property. Any unauthorized use or deliberate destruction or defacing of the property shall be deemed a violation of student conduct.

Right to Assemble (Policy JJAB)

Student meetings may be held in the school(s) of the District that offer instruction in grades seven (7) and eight (8) or above under a "limited open forum" if requested by a pupil in grade seven (7) or above. Furthermore, insofar as the District has a procedure defined as a "limited open forum" under the provisions of Title VIII, the Equal Access Act, Section 801 *et seq.*, the District school(s) shall offer to students a fair opportunity to conduct meetings using school facilities whereupon:

- Such meetings are voluntary and student initiated.
- There is no sponsorship of such meetings by the District, District employees or governmental entities, or employees of governmental entities.
- District employees present at religious meetings will be present only in a non-participatory capacity.
- Such meetings shall not materially and substantially interfere with the orderly conduct of the educational activities of the District.
- Non-school persons shall not be permitted to direct, conduct, control, or regularly attend such student group meetings.

Neither the District, any employee or agent of the District, nor of any State or federal governmental entity shall be permitted to:

- Influence the form or content of any prayer or other religious activity connected with student meetings.
- Require any person to participate in prayer or other religious activity.
- Expend public funds beyond the incidental cost of providing the space for such student-initiated meetings.
- Compel any employee of the District to attend a school meeting that is contrary to the beliefs of the employee.
- Sanction meetings that are otherwise unlawful.

- Limit the rights of groups of students to avail themselves under the provisions of this policy to a specified numerical size.
- Abridge either Arizona or U.S. constitutional rights of any employee, official, or student of the District. Nothing in this policy shall be construed to limit the authority of the school or its agents or employees to maintain order and discipline on school premises, to protect the well-being of students and employees, and to assure that attendance of students at such meetings is voluntary.

Right to Freedom from Harassment (Policy JICK, JICK-R and JICK-EB)

The Governing Board believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Board further believes a school environment inclusive of these traits maximizes student achievement, fosters student personal growth, and helps students build a sense of community that promotes positive participation as members of society.

The District, in partnership with parents, guardians, and students, shall establish and maintain a school environment based on these beliefs. The District shall identify and implement age-appropriate programs designed to instill in students the values of positive interpersonal relationships, mutual respect, and appropriate conflict resolution.

To assist in achieving a school environment based on the beliefs of the Governing Board, bullying, harassment or intimidation as defined by this policy will not be tolerated

Student Exercise of Rights and Privileges (Policy JI)

Any student who believes his/her rights have been violated should immediately notify appropriate school personnel (teacher, counselor, or building administration/administrator).

Each student is responsible for moderating his/her own exercise of rights and privileges so as not to disrupt the educational program, school activities, or infringe on the rights of others.

Student Responsibilities (Policy JI and Regulation JI-R)

The following basic guidelines of rights and responsibilities shall not be construed to be all-inclusive, nor shall it in any way diminish the legal authority of school officials and the Governing Board to deal with disruptive students.

Rights:

- Students have the right to a meaningful education that will be of value to them for the rest of their lives.
- Students have the right to a meaningful curriculum and the right to voice their opinions, through representatives of the student government, in the development of such a curriculum.

- Students have the right to consultation with teachers, counselors, administrators, and anyone else connected with the school if they so desire, without fear of reprisal.

- Students have the right to be made aware of administrative and/or faculty committee decisions and to be aware of the policies set forth by the Governing Board and school.
- Legal guardians or authorized representatives have the right to see the personal files, cumulative folders, or transcripts of their children who are under the age of eighteen (18) years. School authorities may determine the time and manner of presentation of this information.
- Students' academic performance shall be the prime criterion for academic grades; however, noncompliance with school rules and regulations may affect grades (e.g., unexcused absences).
- Students shall not be subjected to unreasonable or excessive punishment.
- Students have the right to be involved in school activities, provided they meet the reasonable qualifications of sponsoring organizations, state organizations, and school regulations.
- Students have the right to express their viewpoints in accordance with District Policy JICEC - Freedom of Expression.
- Married students share these rights and responsibilities, including the opportunity to participate in the full range of activities offered by the school, and shall be subject to the rules and regulations of the school.
- ***Responsibilities:***
- Students have the responsibility to respect the rights of all persons involved in the educational process and to exercise the highest degree of self-discipline in observing and adhering to school rules and regulations.
- Students have the responsibility to take maximum advantage of the educational opportunities available and seek to achieve a meaningful education.
- All members of the school community, including students, parents, and school staff members, have the responsibility to promote regular attendance at school.
- Students have the responsibility to protect school property, equipment, books, and other materials issued to or used by them in the instructional process. Students will be held financially responsible for any loss or intentional damage caused to school property.
- Students have the responsibility to complete all course assignments to the best of their ability and to complete make-up work after an absence.
- Students have the responsibility to help maintain the cleanliness and safety of the school buildings and property.
- Students have the responsibility to present themselves in class at the prescribed time and with the necessary materials.

Discipline

(Policy JIC, JK and Regulations JK-RA, JK-RB, JK-EA, JK-EB and JK-EC)

Student Conduct

Students shall not engage in improper behavior, including but not limited to the following:

- Any conduct intended to obstruct, disrupt, or interfere with teaching, research, service, administrative or disciplinary functions, or any activity sponsored or approved by the Board.
- Threatening an educational institution by interference with or disruption of the school per A.R.S. [13-2911](#) and [15-841](#).
- Physical abuse of or threat of harm to any person on District owned or controlled property or at District sponsored or supervised functions.
- Damage or threat of damage to property of the District, regardless of the location, or to property of a member of the community or a visitor to the school, when such property is located on District controlled premises.
- Forceful or unauthorized entry to or occupation of District facilities, including both buildings and grounds.

- Unlawful use, possession, distribution, or sale of tobacco, alcohol, or drugs or other illegal contraband on District property or at school-sponsored functions.
- Conduct or speech that violates commonly accepted standards of the District and that, under the circumstances, has no redeeming social value.
- Failure to comply with the lawful directions of District officials or any other law enforcement officers acting in performance of their duties, and failure to identify themselves to such officials or officers when lawfully requested to do so.
- Knowingly committing a violation of District rules and regulations. Proof that an alleged violator has a reasonable opportunity to become aware of such rules and regulations shall be sufficient proof that the violation was done knowingly.
- Engaging in any conduct constituting a breach of any federal, state, or city law or duly adopted policy of the Board.
- Carrying or possessing a weapon on school grounds.
- Student conduct while going to and from school, conduct at or near school bus stops, and on the bus.
- Student conduct while off campus during the normal school day, including release periods.
- Student conduct at school events or off campus after the normal school day ends, including off-campus events at which students are representing the District.
- Student conduct in the District's drug-free school zones.
- Student conduct, wherever it occurs, that materially and substantially disrupts the school program or the learning process or endangers the general welfare of students or teachers.
- Student conduct occurring off campus, involving violent acts or acts that result in the student's conviction of violent or other serious crimes, where such conduct or conviction presents or may present a serious threat to the health, welfare, and safety of students or faculty, or disruption of the learning environment.
- Student conduct in any other context in which the District may lawfully assert jurisdiction to discipline a student.

In addition to the general rules set forth above, students shall be expected to obey all policies and regulations focusing on student conduct adopted by the Board. Students shall not engage in any activities prohibited herein, nor shall they refuse to obey any order given by a member of the faculty or staff who is attempting to maintain public order.

The District further reserves the right to take disciplinary measures (including suspension and expulsion) against students who engage in conduct that materially and substantially disrupts the school program or the learning process or endangers the general welfare of students or teachers, whether such conduct occurs on or off campus. The District further reserves the right to take disciplinary measures (including suspension and expulsion) against students who commit violent acts off campus or are convicted of violent crimes off campus, upon a determination that the students off campus conduct or conviction presents or may present a serious threat to the health, safety, welfare, or educational environment of any individual in the school community as a whole.

Any student who violates these policies and regulations may be subject to discipline up to expulsion, in addition to other civil and criminal prosecution. These punishments may be in addition to any customary discipline that the District presently dispenses.

Local law enforcement shall be notified by the Superintendent regarding any suspected crime against a person or property that is a serious offense as defined in [13-604\(V\)\(4\)](#), involves a deadly weapon or dangerous instrument or that could pose a threat of death or serious injury to employees, students or others on school property.

The authority of the Superintendent to establish regulations covering students may be delegated to principals for their individual schools

Unacceptable Behavior

When a District employee observes a student engaged in behavior that violates District policy, the employee is instructed to intervene either by requesting the unacceptable behavior cease or by immediately reporting the incident to administration. Whenever the school administrator becomes aware of a report from a staff member, prompt and effective action to resolve the problem will be taken. When disciplinary action is appropriate, it shall be according to an established discipline plan. The assistance of the home, other educational supportive services and other professional community agencies may be utilized. Each teacher will have a discipline plan for his/her

classroom. When a student's actions go beyond that which the teacher can effectively control using his/her plan, the student will be referred to administration. Students who break rules outside of the classroom, at school sponsored events, or who make threats against the school or staff at any time, may be referred directly to administration or its designee.

Right to Due Process

Students in the District have certain rights. They also have the responsibility to respect the rights and property of others. If a student fails to do this, disciplinary action will follow. In disciplinary cases, each student is entitled to due process. This means students:

- Must be informed of accusations against them.
- Must have the opportunity to accept or deny the accusations.
- Must have explained to them the factual basis for the accusations.
- Must have a chance to present an alternative factual position if the accusation is denied.

Parent Contact

When a student is referred to the principal/designee for a discipline infraction, the administrator conducts a conference with the student(s). The administrator may then, dependent upon circumstances, contact the parent/guardian by phone. When a student requests that his/her parent or guardian be contacted by phone, the administration will do so at that time. If the administration is unable to reach the parent/guardian at the time of the conference, he/she will continue to conduct the investigation 10 days after the incident has been reported.

Parent/guardian will be notified of out of school suspensions by a written form. The administrator will also make a personal phone call to notify parents of suspensions and expulsions.

Student Interrogations, Searches, Interviews & Arrests

(Policy JIH)

Interviews

School officials may question students regarding matters incident to school without limitation. The parent will be contacted if a student interviewed is then subject to discipline for a serious offense. A student may decline at any time to be interviewed by the School Resource Officer (SRO) or another peace officer.

When child abuse or abandonment of a student is alleged.

If a child protective services worker or peace officer enters the campus requesting to interview a student attending the school, the school administrator shall be notified. Access to interview shall be granted when the child to be interviewed is the subject of or is the sibling of or is living with the child who is the subject of an abuse or abandonment investigation. The personnel of the District shall cooperate with the investigating child protective services worker or peace officer. If a student is taken into temporary custody in accordance with A.R.S. [8-821](#), the child protective services worker or peace officer may be reminded to notify the student's parent of the custody, pursuant to A.R.S. [8-823](#). The child protective services worker or peace officer shall be requested to establish proper identification and complete and sign a "Form for Signature of Interviewing Officer." Six (6) hours following the relinquishment of custody by the school, school personnel may respond to inquiries about the temporary custody of the child and may, if considered necessary, call the parent.

*Abuse or abandonment is **not** alleged.*

No issue of student population safety is presented. If a peace officer enters the campus requesting to interview a student attending the school on an issue other than upon request of the school or for abuse or abandonment, the school administrator shall be notified. If the officer directs that parents are not to be contacted because the interview is related to criminal activity of the parent(s)/guardian, the school official shall comply with the request. Unless these circumstances exist the parent will be contacted and will be asked if they wish the student to

be interviewed. If the parent consents the parent will be requested to be present or to authorize the interview in their absence within the school day of the request. Where an attempt was made and the parent(s) could not be reached or did not consent within the school day of the request, the peace officer will then be requested to contact the parent(s) and make arrangements to question the student at another time and place.

Safety of the student population is of concern. When a peace officer is present on the campus to interview students at the request of school authorities due to concerns for the safety of the students in the school population, parent contact shall only be made if a student is taken into custody or following the determination that the student may be subject to discipline for a serious offense. The SRO, present at the request of the school for the continued maintenance of safety and order, may interview students as necessary regarding school related issues as determined by school officials and parents will be contacted if the student is to be taken into custody or if the student is subject to discipline for a serious offense.

Searches

School officials have the right to search and seize property, including school property temporarily assigned to students, when there is reason to believe that some material or matter detrimental to health, safety, and welfare of the student(s) exists. Disrobing of a student is overly intrusive for purposes of most student searches and is improper without express concurrence from School District counsel.

Items provided by the District for storage (e.g., lockers, desks) or personal items are provided as a convenience to the student but remain the property of the school and are subject to its control and supervision. Students have no reasonable expectancy of privacy, and lockers, desks, storage areas, et cetera, may be inspected at any time with or without reason, or with or without notice, by school personnel.

Arrest

When a peace officer enters a campus providing a warrant or subpoena or expressing an intent to take a student into custody, the office staff shall request the peace officer establish proper identification, complete, and sign a form for signature of an arresting officer or interviewing officer. The school staff shall cooperate with the officer in locating the child within the school. School officials may respond to parental inquiries about the arrest or may, if necessary, explain the relinquishment of custody by the school and the location of the student, if known, upon contact by the parent.

Law Enforcement Presence on Campus

(Policy JIH, JIH-EA, JIH-EB, JIH-EC)

The Agua Fria Union High School District employs law enforcement officers to provide an added layer of safety on school grounds. Law enforcement officers are commonly invited to schools as classroom guests, to assist with traffic, or to assist with other law enforcement needs. It is expected that law enforcement officers will maintain a professional presence as law enforcement while on school facilities or attending school events. Additionally, it is expected that law enforcement officers will be professionally equipped with standard issued gear, and may use such equipment when necessary to maintain the safety of themselves and those they are employed to protect.

Suspension and Expulsion of Students

(Policy JKD, JKE and JK-R)

Each school will establish a procedure that at a minimum will provide the principal, or the designee of the school administrator, with documentation of the teacher's reason(s) for the temporary removal of a student from class.

Refusal to readmit per A.R.S. 15-841:

- Upon discussion, by the administrator with the teacher, of disciplinary action implemented in conjunction with a temporary removal in accord with the rules established by the Board, the teacher will be required to state an intent to readmit or refuse to readmit the removed student. If the teacher refuses to readmit the student, the reason shall be written by the teacher, explaining the conditions used to determine the removal, and shall be provided to the administrator by the next business day following the temporary removal.
- Either of the following conditions must exist for a temporary removal per A.R.S. 15-841:
- The teacher has documented that the pupil has repeatedly interfered with the teacher's ability to communicate effectively with the other pupils in the class or with the ability of the other pupils to learn.

- The teacher has determined that the pupil's behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the other pupils in the classroom or with the ability of the other pupils to learn.
 - The matter will be referred to the school placement review committee (SPRC) constituted in accord with statute if the conditions are consistent with those stated in A.R.S. [15-841](#). Within three (3) business days following the date of temporary removal, the SPRC shall determine to either place the student in a new class or return the student to the existing class if that is the best or only practicable alternative.
 - If the student is qualified for educational services under the Individuals with Disabilities Education Act (IDEA), any change in the student's individualized education program (IEP) shall be determined by the individualized education program (IEP) team in accord with federal regulations.
- Any teacher, administrator, Board member, parent, or other person may report a violation of student disciplinary rules to an administrator. The administrator will then make an investigation of the charges as deemed appropriate and will institute appropriate proceedings.
- This information for the maintenance of public order on school property will be publicized and explained to all students and provided in writing to parents as requested. In order to promote effectiveness of student discipline, the assistance of parents in enforcing rules for student discipline shall be invited and encouraged.

Abuse of a Teacher or School Employee in School (Policy GBGB-R and A.R.S. §15-507)

A person who knowingly abuses a teacher or other school employee on school grounds or while teacher or employee is engaged with the performance of his/her duties is guilty of a class 3 misdemeanor. (Reference AFUHSD Board Policy GBGB-R)

The Superintendent shall investigate and document complaints filed pursuant to this regulation as soon as reasonable. In investigating the complaint, the Superintendent will maintain confidentiality to the extent reasonably possible. The Superintendent shall also investigate incidents of policy violation that are raised by the Governing Board, even though no complaint has been made.

If after the initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's Policy GCQF shall apply, except that the supervising administrator may be assigned to conduct the hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with A.R.S. [15-539](#) *et seq.* may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under Policy GDQD if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the person alleged to have violated policy is a student, the Superintendent may impose discipline in accordance with policies JK, JKD and JKE.

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall so inform the complaining party in writing.

Timelines

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within five (5) working days.

If the immediate supervisor or site administrator does not respond, the Superintendent will have ten (10) additional working days to respond in writing to the complaining party.

If the Superintendent does not respond within the established time, then the complaining party may request in writing that the issue be brought before the Board. The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

Student Attendance

(Policy JE)

The parent or guardian is charged by law with responsibility for the student's consistent school attendance. The Superintendent will enforce the laws regarding attendance, with consideration for the variables that affect children and families. The Superintendent will place emphasis on the prevention and correction of the causes of absenteeism.

Attendance Policy

It is the belief of Agua Fria Union High School District that there is a clear and positive correlation between student learning and consistent and prompt attendance in class. Much of what is presented in class is sequential. Therefore, learning requires a continuity of attendance and effort. We also strongly believe that what occurs in class is vital to student learning. Lack of consistent attendance means that students will not get the full benefit of the courses offered at their school.

Please take into account the TOTAL number of days that a class or classes has been missed to legitimate reasons. Mixed with illness and other unavoidable absences, the number of days, out of class can interfere with learning.

Ninety Percent (90%) Attendance Requirement

In order to receive credit for the semester, 90% attendance is required in each assigned class (A.R.S. 15-803B). Classes missed due to school approved activities, e.g., field trips, performing groups, student government, etc., are excluded. Administrators are authorized to excuse additional absences for extended illness, injury or extenuating circumstances upon satisfactory verification. In such cases, to receive credit, students are expected to make up

missed work in a timely manner. Should a student accumulate 10 total absences (verified and/or unverified) in a semester class credit can be withheld.

Attendance Loss of Credit Appeal

If a student loses credit due to excessive absences, the student and parent will be notified of the reason for loss of credit as well as the procedure to appeal for credit reinstatement. Students and parents must sign and return the appeal form. A parent conference may be required to develop a plan for a successful appeal. Students should continue to attend class and complete assigned work. Attendance and grades will be considered in granting appeals. Appeals will be heard by an Appeals Committee at the end of each semester and the committee's decision is final. A student, and parent if requested, must appear in person before the Appeals Committee. Failure to do so will be an automatic denial of restoration of credit.

Verified Absences (Policy JH)

The regular school attendance of a child of school age is required by state law. Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and important reasons. Such reasons include illness, bereavement, other family emergencies, and observance of major religious holidays of the family's faith.

In the event of a necessary absence known in advance, the parent is expected to inform the school; if the absence is caused by emergency, such as illness, the parent is expected to telephone the school office.

When Absent from School

State law mandates that the school record reasons for all student absences. Therefore, when a student is absent, it will be necessary for the parent to call the school on or before the day of the absence in order to advise the school as to the reason for the absence. When it is impossible to call on the day of the absence, the school should be notified on the morning the student returns, in time for the student to obtain an admission slip prior to the student's first class. All absences not verified by parental or administrative authorization will remain unexcused. If a parent does not have access to a phone, either at home or at work, a note will be accepted for verification purposes.

For absences greater than one (1) day in length, the school should be notified each day of the absence.

All personnel will solicit cooperation from parents in the matter of school attendance and punctuality, particularly in regard to the following:

- The scheduling of medical and dental appointments after school hours except in cases of emergency.
- The scheduling of family vacations during school vacation and recess periods.

The school may require an appointment card or a letter from a hospital or clinic when the parent has not notified the school of an appointment of a medical or dental nature.

School administrators are authorized to excuse students from school for necessary and justifiable reasons.

Unverified Absences

Those absences that a parent does not authorize within 24 hours of the student's return to school OR absences that an administrator has confirmed as unauthorized OR absences that are for other than illness or family emergency are considered unverified. Should student receive 10 total absences in a semester class, credit can be withheld. If an appeal conference is requested, student, parent, teacher, and Appeals Committee shall confer to determine action.

State Truancy Law (Policy JHB)

A child between the ages of six (6) and sixteen (16) failing to attend school during the hours school is in session is truant unless excused pursuant to A.R.S. [15-802](#), [15-803](#), or [15-901](#).

Truant means an unexcused absence for at least one (1) class period during the day. This includes absence from any class, study hall, or activity during the school day for which the student is scheduled.

Unexcused absence for at least five (5) school days within a school year constitutes habitual truancy. The Superintendent will establish procedures to identify and deal with unexcused absences, beginning with notification of parents. Continued violation may lead to discipline of the child and/or referral of the parent to a court of competent jurisdiction.

Attendance Office Procedures

- Within 24 hours of student's return of the absence, a parent/legal guardian must notify the school's attendance office. Notes from parents/guardian will also be accepted but must be presented to the attendance office before the first scheduled class.
- Students who have 10 consecutive days of absences in all classes will be dropped from school for non-attendance.
- Students who have permission to leave campus during the school day must sign out through the attendance office.

Criteria for Perfect Attendance

In order to qualify as having perfect attendance for any academic year, a student must:

- Be present in classes every day that school is in session, except when on school business (i.e., sports, field trips, other school-related activities).
- Have no suspensions (in-school or out-of-school).
- Have fewer than three tardies (verified or unverified) or sweeps during one semester.

Tardy Policy

A student shall be considered tardy if he/she is not inside the classroom when the tardy bell stops ringing. Students arriving on campus after the tardy bell rings must report to the attendance office.

A late arrival to school may also be verified if a parent calls in, provides a note, or accompanies the student to the attendance office. These verified tardies will be limited to five per semester. All others will be considered unverified.

Procedure:

Each Campus will notify students and parents of their tardy procedures.

Student Use of Physical Force in Self-Defense (Policy JK and Regulation JK-R)

Reasonable use of physical force in self-defense, defense of others and defense of property will be considered as a mitigating factor in determining penalties for misconduct. Governing Board Policy JK-R states that the threat or use of physical force by a student is not reasonable:

- when made in response to verbal provocation alone,
- when assistance from a school staff member is a reasonable alternative, or
- when the degree of physical force used is disproportionate to the circumstances, or exceeds that necessary to avoid injury to oneself or to others, or to preserve property at risk.

Use of Physical Force by Supervisory Personnel

Any administrator, teacher or other school employee entrusted with the care and supervision of a minor may use reasonable and appropriate physical force upon the minor to the extent reasonably necessary and appropriate to maintain order. Use of physical force shall not be construed to constitute corporal punishment. Similar physical force will be appropriate in self-defense, in the defense of other students and school personnel and in the prevention and termination of the commission of theft or criminal damage to the property of the District or the property of persons lawfully on the premises of the District.

Electronic Devices

Students that bring any electronic device onto an AFUHSD property or to an AFUHSD sponsored activity do so at their own risk. AFUHSD assumes no liability for the loss, theft or damage of any personally owned electronic device on an AFUHSD property or to an AFUHSD sponsored activity.

Students are solely responsible for the proper use and security of any personally owned electronic device that they bring onto an AFUHSD property or to an AFUHSD sponsored activity. In addition, the responsibility of using an electronic device includes ensuring the device does not create a disruption, such as ringing, vibrating or any other action that would interfere with the learning process of any student or with the instruction process of a teacher while in the classroom or on campus. Students must ensure electronic devices do not create a disruption or interfere with the operation of a bus. Any such interference in a classroom, on campus or on a bus will be considered a disruptive activity.

To ensure these disruptions don't occur all items must be in the off position and kept out of sight. Misuse of an electronic device may result in discipline up to and including the confiscation of the device. Students will be held responsible for the misuse of any electronic device they share, just as if it had remained in their possession.

Safety Concerns

(Policy JLI)

Teachers will be responsible for their classes at all times. At no time are students to be left unsupervised. Students are not to be sent on errands from the school premises.

Teachers have the authority to prohibit the use of and/or to confiscate any article that is a hazard to a student or that may damage school property. In the case of an emergency, the teacher will seek help from the principal.

Every student, teacher, and visitor shall wear appropriate protective eyewear while participating in or when observing vocational, technical, industrial arts, art, or laboratory science activities involving exposure to items as listed in A.R.S. [15-151](#).

Gang Activity or Association

(Policy JICF and Regulation JICF-R)

Gangs that initiate, advocate, or promote activities that threaten the safety or well-being of persons or property on school grounds or disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of dress or grooming that, by virtue of its color, arrangement, trademark, symbol, or any other attribute indicates or implies membership or affiliation with such a group is prohibited because of the disruption to educational activities that results from such activities or dress. It is the District's position that such activities and dress also present a clear and present danger to other District students and to District staff members.

Any activity involving an initiation, hazing, intimidation, assault, or other activity related to group affiliation that is likely to cause or does cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students or others is prohibited.

Any student wearing, carrying, or displaying gang paraphernalia and/or exhibiting behavior or gestures that symbolize gang membership, or causing and/or participating in activities that intimidate or adversely affect the

educational activities of another student, or the orderly operation of the schools, shall be subject to disciplinary action.

Personal Property

AFUHSD is not responsible for money or personal items or electronic devices which are lost or stolen and will not reimburse for such incidents. Students are discouraged from bringing costly, fragile or irreplaceable items to school that cannot be secured by the owner. AFUHSD shall not assume responsibility for the loss of, or damage to, personal property stored, installed, or used on school premises. The school will not spend any time investigating the loss of any money or personal items. Bicycles and skateboards are not to be ridden on campus. They are to be secured in the proper location. Skateboards must be secured in a classroom, the sweep room or the security office.

Victim Assistance

(Policy JII and Regulation JII-R)

Agua Fria Union High School District is committed to providing a safe and orderly environment where students can focus on learning. Sometimes, students make inappropriate choices that interfere with the learning of others. The following information is provided to assist students who are victims of bullying, threats, intimidation, verbal or physical abuse, or any other action by another person that interferes with safety. Parents are encouraged to review this information with their child.

To help parents, community members and students report threats, rumors or information on criminal activity, Agua Fria established AnonymousTips.com.

Whenever a student feels bullied or threatened, he/she should tell a parent, teacher, counselor, nurse or other school employee immediately. The most important step a victim must take to stop bullying is to report it. Students should not wait to see if someone else notices the bullying. The student should tell someone he or she trusts and who is able to help them. If the student does not feel that he or she can report the bullying or threat in person, he or she should write a note explaining the situation.

The student should:

- **Tell what happened** to him and his response to the event.
- **Tell who bullied** her and **who saw** it happen.
- **Tell where the incident happened** and **how** it happened.
- **Write down everything** that happened.
- **Get help from a person in authority** such as a teacher or counselor.
- **See the school nurse** if the bullying or threat is physical in nature.

Students may report an incident of bullying to any adult on the school campus. The person contacted will inform the school administration and an investigation will begin. Consequences for bullying are outlined on later pages of this handbook.

Compliance Officer

The Superintendent shall be the compliance officer. Any person who feels unlawfully discriminated against or to have been the victim of unlawful discrimination by an agent or employee of the District or who knows of such discrimination against another person should file a complaint with the Superintendent. If the Superintendent is the one alleged to have unlawfully discriminated, the complaint shall be filed with the President of the Board.

Complaint Procedure

The District is committed to investigating each complaint and to taking appropriate action on all confirmed violations of policy. The Superintendent shall investigate and document complaints filed pursuant to this regulation as soon as reasonable. In investigating the complaint, the Superintendent will maintain confidentiality to the extent reasonably possible. The Superintendent shall also investigate incidents of policy violation that are raised by the Governing Board, even though no complaint has been made.

If after the initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's Policy GCQF shall apply, except that the supervising administrator may be assigned to conduct the

hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with A.R.S. 15-539 *et seq.* may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under Policy GDQD if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the person alleged to have violated policy is a student, the Superintendent may impose discipline in accordance with policies JK, JKD and JKE.

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall so inform the complaining party in writing.

Timelines

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within five (5) working days.

If the immediate supervisor or site administrator does not respond, the Superintendent will have ten (10) additional working days to respond in writing to the complaining party.

If the Superintendent does not respond within the established time, then the complaining party may request in writing that the issue be brought before the Board. The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

Students may present a complaint or grievance regarding one or more of the following:

- Violation of the student's constitutional rights.
- Denial, not related to the student's individual capabilities, of an equal opportunity to participate in any program or activity for which the student qualifies not related to the student's individual capabilities.
- Discrimination on the basis of race, color, religion, sex, age, national origin, or disability.
- Harassment of the student by another person.
- Intimidation by another student.
- Bullying by another student.
- Concern for the student's personal safety.

Students may present a complaint or grievance provided that:

- The topic is not the subject of disciplinary or other proceedings under other policies and regulations of this District; and
- The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without authority to act.

The guidelines to be followed are:

- The accusation must be made within thirty (30) calendar days of the time the student knew or should have known that there were grounds for the complaint/grievance.
- The complaint/grievance shall be made only to a school administrator or professional staff member.
- The person receiving the complaint will gather information for the complaint form.
- The allegation shall be reported on forms with the necessary particulars as determined by the Superintendent. Forms are available in the school office.

- The person receiving the complaint shall preserve the confidentiality of the subject, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

Any questions concerning whether the complaint/grievance falls within this policy shall be determined by the Superintendent. Complaints by students may be made only by the students on their own behalf.

Disciplinary action may result for bullying which occurs outside of the school and the school day when such acts result in a substantial physical, mental, or emotional negative effect on the victim physically, while on school grounds, school property, school buses, at school bus stops, or at school sponsored events and activities, or when such act(s) interfere with the authority of the school system to maintain order. All suspected violations of law will be reported to local law enforcement.

Students who believe they are experiencing being bullied or expect another student is bullied should report their concern to any staff member of the School District. School personnel are to maintain appropriate confidentiality of the reported information.

REGULATION

SEXUAL HARASSMENT

Compliance Officer

The Superintendent shall be the compliance officer. Any person who feels unlawfully discriminated against or who has been the victim of unlawful discrimination by an agent or employee of the District or who knows of such discrimination against another person should file a complaint with the Superintendent. If the Superintendent is the one alleged to have unlawfully discriminated, the complaint shall be filed with the President of the Board.

Complaint Procedure

The District is committed to investigating each complaint and to taking appropriate action on all confirmed violations of policy. The Superintendent shall investigate and document complaints filed pursuant to this regulation as soon as reasonable. In investigating the complaint, the Superintendent will maintain confidentiality to the extent reasonably possible. The Superintendent shall also investigate incidents of policy violation that are raised by the Governing Board, even though no complaint has been made.

If after the initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's Policy GCQF shall apply, except that the supervising administrator may be assigned to conduct the hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with A.R.S. [15-539](#) *et seq.* may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under Policy GDQD if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the person alleged to have violated policy is a student, the Superintendent may impose discipline in accordance with policies JK, JKD and JKE.

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall so inform the complaining party in writing.

Timelines

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within five (5) working days.

If the immediate supervisor or site administrator does not respond, the Superintendent will have ten (10) additional working days to respond in writing to the complaining party.

If the Superintendent does not respond within the established time, then the complaining party may request in writing that the issue be brought before the Board. The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

Bus Discipline Procedures

(Policy JICC, EEAA, EEAEC)

Transportation is extended to students in the District as determined by District Policy EEAA. It is not a legal requirement except for transportation of special needs students as required by their individual education program. The Governing Board requires students to conduct themselves on the bus, prior to boarding the bus, and leaving the bus, in a manner consistent with established standards for classroom behavior. Bus misconduct may result in suspension from the bus, and/or school, and/or discipline consequences for behavior on any other school property as defined in this Discipline Handbook. Students who have their bus privileges suspended are expected to be in attendance as per the State's compulsory attendance law.

The driver of a school bus is legally responsible for the orderly conduct and safety of all passengers being transported. All passengers are under the authority of the school bus driver (ADOT R17-9-104).

The bus rules are posted on all buses. Violation of the bus rules will result in a behavioral referral to the school principal and could lead to suspension of bus privileges. Suspension from the bus may also result in other disciplinary consequences. All suspensions start only after parent contact. Every attempt will be made to contact the parent by phone. If unsuccessful, written notice will be mailed and/or sent home with the student.

Glass, animals, insects, tobacco, drugs, weapons, and dangerous items are not allowed on the bus. Skateboards, instruments, or equipment must be under the student's control at all times. A skateboard carrying bag is preferred. Scooters are not allowed on the bus. Students are required to present their IDs as they exit the bus in the morning and as they board the bus in the afternoon. If a student does not have an ID, they will not be allowed to ride the bus home. Students may obtain a temporary bus pass authorizing them to ride the bus home for that day. Bus passes need to be obtained prior to the end of the school day. Video cameras may be on the buses. (Cameras are used by the District primarily for aiding student discipline on the buses.)

Bus Discipline Guidelines: Grades 9-12

Note: Administration will exercise discretion when determining consequences and may assign a more or less severe consequence than outlined in the guidelines below. All of the infractions and consequences listed in the discipline guidelines on pages 58-69 are in effect for all school vehicles. Depending on the location and severity of the infraction, the consequence may be served on the vehicle and/or school. For example, fighting may result in a suspension from school as well as a loss of bus riding privileges. Some of the more common infractions are listed below.

**EEAEC ©
STUDENT CONDUCT ON
SCHOOL BUSES**

Students are required to conduct themselves in the bus, prior to boarding the bus, and subsequent to leaving the bus in a manner consistent with established standards for classroom behavior.

When a student fails to practice proper conduct, the bus driver will inform the principal of the misconduct, which may then be brought to the attention of the parents.

Students who become serious disciplinary problems related to school transportation may have their riding privileges suspended. In such cases, the parents of the students involved become responsible for seeing that their children get to and from school safely.

Students riding on special-activity buses are under the direct supervision of the bus driver in cooperation with sponsor(s). Students who do not conduct themselves properly will be denied the privilege of riding on special-activity buses.

Student Due Process-Suspension/Expulsion

Disciplinary Record Keeping

(Policy JKD)

1. **Discipline**—Discipline is administered by the principal/designee, the faculty and the staff.
2. **Referral**—Students will be referred to the principal/designee for violations outlined in the foregoing sections "Discipline Guidelines" and when their disruptive behavior interrupts the educational process.
3. **Due Process**—Students in the District have certain rights. They also have the responsibility to respect the rights and property of others. If a student fails to do this, disciplinary action will follow. In disciplinary cases, each student is entitled to due process. This means students:
 - must be informed of accusations against them;
 - must have the opportunity to accept or deny the accusations;
 - must have explained to them the factual basis for the accusations; and
 - must have a chance to present an alternative factual position if the accusation is denied.
4. **Short Term Suspension**—If the principal or designee decides that the alleged misconduct warrants a consequence of a suspension for nine (9) days or less, the principal/designee shall give the student an informal hearing and shall examine all the pertinent facts to determine whether or not a violation did occur. The student shall be afforded due process rights including the opportunity to present to the principal/designee, his or her defense or position concerning the alleged violation. After the termination of the hearing, the principal/designee, upon the basis of all facts and information learned, shall determine the guilt or innocence of the student. If the student is found to be guilty, a consequence or suspension may be imposed for a period of time not to exceed nine (9) days. If a suspension is imposed, the principal/designee imposing the suspension shall keep a record of the aforesaid proceedings.

There is no appeal process for a short term suspension of 9 days or less. However, a parent may request a campus administrative review of the campus procedures that resulted in discipline.

After the administration's review is complete, the principal's/designee's decision is final. Students are expected to make up work provided by teachers. Students will have the number of days equal to the number of days suspended to make-up work.

5. **Long Term Suspension**—If the principal/designee decides that the alleged misconduct is sufficiently serious so that the consequence should be suspension in excess of nine (9) days or expulsion, the accused student shall be afforded his or her due process rights. There shall be an investigation to determine if there is sufficient probable cause to charge the student with an act of misconduct, which may result in a suspension in excess of nine (9) days or an expulsion. When a student is charged by the principal/designee with misconduct, which may result in suspension in excess of nine (9) days or expulsion, the parent(s) or guardian of the student shall be informed within a reasonable time period by telephone or letter of the charges against the student. The suspension shall be in accord with pertinent Arizona Revised Statutes. The ability to make up work for credit during long term suspension is at the discretion of the hearing officer or the Governing Board and will only be allowed in exceptional circumstances.

If a school administrator believes that a long term suspension may be warranted as a result of alleged misconduct of a student, the administrator/designee will notify the parent(s) in writing. The school administrator/designee shall also notify the Assistant Superintendent of Educational Services to schedule a long term suspension hearing.

If a long term suspension hearing is scheduled, the District will send by certified mail, or deliver, or cause to be mailed or delivered, notice of the hearing to the student's parent(s) at least five (5) working days prior to the hearing. The notice shall contain:

- The time, date and place of the hearing.
- The name of the hearing officer.
- A description of the alleged misconduct, the standard of student conduct allegedly violated and the proposed discipline.
- A copy of Policy JKD and A.R.S. 15-840 through 15-844.
- A statement that the student and his or her parent(s) are entitled to various procedural rights as described in this policy.
- A statement that notice must be given to the superintendent/designee at least 24 hours before the hearing if the student or his parent(s) will have an attorney present.

The hearing shall be held at the time and place stated in the notice unless all interested parties agree otherwise. In the event the District is unable to contact the parents or guardians after taking reasonable steps to do so, the District may proceed to hold a hearing or take other steps regarding the discipline of the student.

At the conclusion of the hearing, the hearing officer shall determine whether discipline will be imposed, and, if deemed appropriate by the hearing officer, a long term suspension may be imposed immediately. Written confirmation of the hearing officer's decision shall be mailed or delivered to the student's parent(s) within five (5) days after the hearing. A copy of the written decision shall be delivered or mailed to the superintendent. If the decision is to impose a long term suspension, the written decision shall:

- Name the student.
- Describe the behavior that resulted in the long term suspension.
- State the beginning and ending dates of the suspension and the restrictions of the student's presence on campus and at school activities.
- Inform the parent(s)/guardian about suspension appeal procedures. Absent extenuating circumstances, once a due process hearing has concluded, no new testimony or documents may be presented.

6. **Suspension Due to Clear and Present Danger**—If in the best judgment of the principal/designee after reasonable investigation, the facts indicate that the presence of the alleged offender constitutes a clear and disruptive influence to the educational processes on campus, the principal or designee may suspend the student from the school pending a hearing and disposition of the case.

7. **Long Term Suspension Appeal**—If the hearing officer recommends a long term suspension, the Governing Board will be informed, in writing, of that decision. Parent(s)/legal guardian(s) may appeal the decision for long term suspension based on one of the following reasons:

- There was substantial non-compliance with policy JKD.
- The pupil's legal rights, including the right to receive due process, were violated by the hearing or the hearing officer's decision.
- The discipline imposed by the hearing officer was unreasonable considering the circumstances present.

To appeal the decision of the hearing officer, parents must deliver a letter to the superintendent within five (5) working days after receiving notice of the decision of a long term suspension. The letter must describe in detail all objections to the hearing or the decisions rendered at the hearing. The Governing Board will review written material forwarded to them by the hearing officer and the parent's/legal guardian's letter of appeal. If the Governing Board feels more information is necessary, they will conduct another hearing. No new evidence can be admitted at the appeal hearing. The Governing Board will review the material in executive session. Unless requested in writing by the parents, the executive session will be closed. Upon review of the written material in executive session, the Governing Board may uphold, modify, or rescind the hearing officer's decision.

8. **Expulsion**—The hearing officer may recommend that a student be expelled from the school District. That recommendation will be forwarded to the Governing Board, who will act on it. Parent(s)/legal guardian(s) may appeal the recommendation for expulsion based on one of the following reasons:

- There was substantial non-compliance with policy JKD.
- The pupil's legal rights, including the right to receive due process, were violated by the hearing or the hearing officer's decision.
- The discipline imposed by the hearing officer was unreasonable considering the circumstances present.

The Governing Board will consider a hearing if there is an appeal of the hearing officer's recommendation for expulsion from the parent. The Governing Board will review the written material from the hearing officer and the parents and will hear testimony from the hearing officer, the school officials, and the student's family. No new evidence can be admitted at the appeal hearing.

The Governing Board will conduct the hearing in executive session. Unless requested in writing by the parent(s)/guardian(s), the executive session will be closed. If the parent(s)/legal guardian(s) disagree that the hearing, held by the board, should be held in executive session, it shall be held in an open meeting unless:

- If only one student is subject to the proposed action and disagreement exists between that student's parent(s)/legal guardian(s), then the Governing Board, after consultation with the student's parent(s)/legal guardian(s), shall decide in executive session whether the hearing will be in executive session.

If more than one student is subject to the proposed action and disagreement exists between the parents of different students, then separate hearings shall be held subject to the provisions of A.R.S. 15-843.

Nothing in these procedures shall be construed to prevent the students who are subject to the action and their parent(s)/legal guardian(s) and legal counsel from attending any executive session pertaining to the proposed disciplinary action or from having access to the minutes and testimony of such executive session or from recording such a session at the parent's/legal guardian's expense.

9. **Readmission**—When a student is expelled, the student's parent(s)/legal guardian(s) may request that the student be readmitted no sooner than one year after the date of the expulsion. The readmission of an expelled student can only be granted by the Governing Board, in its discretion, and may begin the semester following the decision to readmit.

10. **Student Disciplinary Record-Keeping**—Each principal or designee shall keep and retain complete records of pupil disciplinary actions and procedures. Records regarding pupil disciplinary actions shall be retained for at least four (4) years after graduation or withdrawal. The kinds of disciplinary actions for which an accounting shall be kept shall include, but not be limited to, suspension, placement in special classes and referrals of cases to police and juvenile authorities.

The accounting for pupils subject to disciplinary action shall contain an entry of:

- Pupil's full name.
- Time, place and date of the offense or offenses, behavior observed.
- Specific measures taken by person(s) reporting the offense to effect an adjustment, including the specialized help secured before referral, i.e., conferences with parent(s)/legal guardian(s), conference with principal, conferences with other school personnel, referrals to department of pupil, personnel services, etc.
- Final disposition of the case.
- Name of person(s) imposing the action or actions.
- Statement of clarification by student or parent(s)/legal guardian(s) if either wishes.

11. **Principal/Designee Review**—In case of a suspension which is for nine (9) days or less, and there has been no recommendation for long term suspension, the student/parent may request, in writing, a review of the situation/discipline. Once the principal/designee reviews the stated concern(s), the principal/designee shall notify the student/parent of the final determination.

Annual Notification to Parents

Regarding Confidentiality of Student Education Records

(Policy JR and Regulation JR-R)

The Family Educational Rights and Privacy Act (FERPA), affords parents and students over 18 years of age (—eligible students) certain rights with respect to the student's education records. The Governing Board has established written policies regarding the collection, storage, retrieval, release, use, and transfer of student educational information collected and maintained pertinent to the education of all students to ensure the confidentiality of the information and to guarantee parents' and students' rights to privacy. These policies and procedures are in compliance with:

- The Family Education Rights and Privacy Act; Title 20, United States Code, Sections 1232g and 1232h; and the Federal Regulations (34 C.F.R., Part 99) issued pursuant to such act;
- Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT ACT);
- No Child Left Behind Act of 2001 (NCLB);
- The Individuals with Disabilities in Education Act; 20 U.S.C. Chapter 33; and the Federal Regulations (34 C.F.R. Part 300); and
- Arizona Revised Statutes, Title 15, sections 141 and 142.

Student education records are collected and maintained to help in the instruction, guidance, and educational progress of the student, to provide information to parents and staff members, to provide a basis for the evaluation and improvement of school programs, and for legitimate educational research. The students' records maintained by the District may include—but are not limited to—identifying data, report cards and transcripts of academic work completed, standardized achievement test scores, attendance data, reports of psychological testing, health data, teacher and counselor observations, and verified reports of serious or recurrent behavior patterns.

These records are maintained by the District under the supervision of the school administrator at the school the student attends or last attended and are available only to the teachers and staff members working with the student. Upon request, the school discloses education records without consent to officials of another school District in which a student seeks or intends to enroll. Otherwise, records are not released to most agencies, persons or organizations without prior written consent of the parent [34 C.F.R. 99.7].

You shall be informed when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to your child. The information must be maintained for four (4) years after the date your child was last enrolled in this school District.

You have the right to inspect and review any and all records related to your child within forty-five (45) days of the day of receiving a request for access, including a listing of persons or organizations who have reviewed or have received copies of the information [34 C.F.R. 99.7]. Parents who wish to review their children's records should contact the principal for an appointment or submit to the principal a written request that identifies the record(s) you wish to inspect. School personnel will make arrangements for access and notify you of the time and place where the records may be inspected. School personnel will be available to explain the contents of the records to you. Copies of student education records will be made available to parents when it is not practicable for you to inspect and review the records at the school. Charges for the copies of records will be costs of copying unless the fee prevents the parent from exercising rights to inspect and review those records.

You have the right to request that an amendment be made to the student's education records and to add comments of your own if you believe information in the record file is inaccurate or misleading [34 C.F.R. 99.7(a)(1)]. You should write the principal, clearly identify the part of the record you want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by you, the school will notify you of the decision and advise you of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when notified of a right to a hearing.

You have the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which

permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on a school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

You have the right to file a complaint with the Family Educational Rights and Privacy Act Office in Washington, D.C., concerning alleged failures by the school to comply with the requirements of FERPA [34 C.F.R. 99.7]. The name and address of the office administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Copies of the District student education records confidentiality policies and procedures may be reviewed in the assigned office of each school [34 C.F.R. 99.7(a) (5) and 99.7(b)].

Student Records

According to state and federal law the below-designated directory information may be publicly released to educational, occupational or military recruiting representatives without your permission. Internet & E-Mail User Agreement (Policy IJNDB-E)

The Network is provided for students/users to conduct research and communication for academic purposes only as determined by the District curricula. Independent access to network services is provided to students/users who agree to act in a considerate and responsible manner. Access is a privilege, not a right, and entails responsibility. Students are responsible for appropriate behavior/communication on school computer networks, just as they are in classrooms or school buildings. Network storage areas may be treated like school lockers. All network administrators/teachers may review files and communications to maintain system integrity and ensure responsible use of the Internet by requesting a search history of websites visited to ensure that such use meets the District intent as a tool for academic purposes. Files stored on District servers are not private. Communications are public and often uncensored and students may come in contact with materials that are controversial or inaccurate from all around the world. The District has no control over the nature or content of information from other computer systems and disclaims any responsibility to exercise such control. The District is also not responsible for the accuracy or appropriateness of information retrieved, or for lost, damaged or unavailable information. Outside of school, families must bear the responsibility for such guidance as they also must do with information sources such as television, telephone, movies, radio and other potentially offensive media. Section 504 of the Rehabilitation Act of 1973

It is the responsibility of the District to identify and evaluate students who may need special services or programs in order that such students may receive the required free appropriate education.

A student who may need special services or programs under Section 504 of the Rehabilitation Act of 1973 is one who:

- Has a physical or mental impairment that substantially limits one or more major life activities, including learning; or
- Has a record of such impairment; or
- Is regarded as having such impairment.

Students may be eligible for services under the provisions of Section 504 even though they do not require services pursuant to the Individuals with Disabilities in Education Act (IDEA). Students who are identified as individuals with exceptional needs, according to IDEA criteria, are not addressed under this policy. The needs of such students are provided for under Policy IHB and its regulations and under state and federal laws and regulations.

Students with accommodations under Section 504 are subject to disciplinary procedures outlined for 9-12 students.

Individuals with Disabilities Education Act – IDEA

Special Instructional Programs (Policy IHB and Regulation IHB-E)

The District will ensure that all children, including children attending private schools, within the District's jurisdiction who have suspected disabilities are identified, located, and evaluated. The process of identifying, locating, and evaluating students with disabilities is important to the provision of educational opportunities for all students. It is the process of identification, evaluation, and development of program, placement, and the provision of services – its sensitivity, its accuracy – that will determine much of what happens with students during the remainder of their educational lives.

This process is guided by a variety of laws and regulations regarding identification, evaluation, development of program, placement, and the provision of services enacted at both the state and federal levels.

Procedural Safeguards

Children with disabilities and their parents are guaranteed procedural safeguards with respect to the provision of free appropriate public education. A copy of the procedural safeguards notice shall be given to the parent upon initial referral for evaluation. If you suspect your child of having a disability, birth – age 22, contact the administration at the local campus.

If the District and parents or guardian do not agree on the identification, evaluation, education placement of a child with a disability, and provision of FAPE (free appropriate public education), either the District or parent/guardian may request any of the following through the Arizona Department of Education - Exceptional Student Services:

Mediation – The Arizona Department of Education (ADE) will provide a facilitator trained in the mediation process to assist both the District and parent/guardian in resolving the issues.

Early Resolution – The Arizona Department of Education will provide trained staff to assist both the District and parent/guardian in resolving the issues. This is normally handled by phone and the final resolution provided in writing by ADE.

State Complaint – The Arizona Department of Education provides trained investigators to review all records when a parent/guardian files a state complaint in writing. ADE will determine if the District is or is not in compliance and issue the findings in writing.

Due Process – A parent/guardian or the District may initiate a due process hearing. A due process is overseen by a hearing officer and is the most formal method of resolution.

Student Discipline (Policy IHB)

When a student is receiving special education services, is being considered for special education services, or has received special education services in the past, and violates the discipline code of the school and/or school District and is recommended for a suspension of more than nine (9) days during the school year (a possible change in placement), a manifestation determination conference must be held.

A recommended suspension of a special education student for more than nine (9) consecutive days, or a series of suspensions totaling more than nine (9) days, may constitute a change of placement and shall require a manifestation determination conference. Such a conference shall be for the purpose of determining whether or not the offense is a manifestation of the student's disability. The parent(s)/legal guardians(s) is notified in writing that a possible suspension and/or expulsion is being considered.

For the manifestation conference to occur, a multidisciplinary evaluation team is convened. The multidisciplinary evaluation team is comprised of the school staff that is most knowledgeable about the nature of the student's disability and, if possible, about the student. Prior written notice and procedural safeguards are given to the student and parents)/legal guardians(s) per IDEA (Individual with Disabilities Education Act) and ADE/ESS (Arizona Department of Education/Exceptional Student Services). The student and the student's parent(s)/legal guardians(s) are invited. At the conference, the following will occur:

- Student's explanation of the incident.
- Professionals' explanation of the incident (those who were involved in the investigation of the incident).
- Review of the current IEP if student is receiving special education services.
- Review of the behavior plan; if there is no behavior plan, a functional behavioral analysis must be done.
- Determination of the relationship of the behavior to the disability (manifestation determination).
- Consideration of the necessity for further assessment and/or evaluation is discussed. If further evaluation is necessary, decisions concerning the relationship of the behavior to the disability will be on hold until the completion of the evaluations.
- Need for interim placement is discussed.

After the decision has been made, prior written notice and procedural safeguards are given to the student and parents/legal guardians(s) per IDEA (Individual with Disabilities Education Act) and ADE/ESS (Arizona Department of Education/Exceptional Student Services), the team must develop, review, and/or revise the behavior plan within ten (10) days of the action. If the behavior is related to the disability, then suspension and/or expulsion cannot occur. However, the student's educational program will be reviewed and revised and the multidisciplinary evaluation team may determine a change of placement/location of services. (34 C.F.R. 300.519 – 300.526)

If the behavior is not related to the disability, suspension and/or expulsion can occur; however, an education program must be delivered to the student who is on an IEP. The IEP team develops this program. The delivery of the educational program can occur through placement on an alternative campus, self-contained public, self-contained private and/or residential setting, as determined by the multidisciplinary evaluation team.

If there are any questions, the administrator should contact the Director of Special Education Services. The findings and all conference notes are forwarded to the District's hearing officer. If necessary, special education staff may be invited to the hearing.

If the parents(s)/guardians(s) do not agree with the findings of the IEP conference, they can file due process. The District, if it is deemed that the student is a threat to the educational environment, may remove the student from the educational environment until due process has been served. An interim placement will be activated while the due process is taking place. (34 C.F.R. 300.519 – 300.526)

HEALTH CENTER (NURSE'S OFFICE)

The Health Center is open during school hours.

The Health Center and the staff will be instrumental in safely handling potential COVID-19 exposures. During this time, we ask that students only visit the health center when it is essential. Essential needs include any COVID-19 symptoms, injuries that require medical attention, and the administration of medication. Non-essential visits (asking for pain reducing medication, cough drops, and the like) should be minimized to reduce the number interactions among students and personnel.

Students who become ill or injured at school are to ask a teacher for a pass to the Health Center. UNDER NO CIRCUMSTANCES should an ill or injured student go home alone or without clearance from the healthcare professional to leave campus. Passes to leave campus will be given for illness or emergency care and a parent or guardian will be notified.

Students, who have been absent due to any communicable disease such as COVID-19, measles, mumps, chicken pox, etc., must report to the Health Center for clearance by the healthcare professional before reporting to class. Students who have had a fever or exhibit any signs of a contagious disease are to remain at home until completely well and/or are released by their physician.

Any student who needs medication on a regular schedule, either prescription or over-the-counter purchase, must bring it to the health center in its original container as packaged by the manufacturer or pharmacy. Parents must also provide a note requesting the health center to give the medicine to the student with specific information including how often given, what dosage and the reasons for usage. If this medicine is a prescription drug, the signature of the physician is also necessary before it can be dispensed during school hours.

EXPECTATIONS OF STUDENTS

PARENT AND PERSONAL DELIVERIES TO SCHOOL

Only emergency messages will be delivered. An emergency is an accident, illness, or serious family problem. We cannot accept deliveries for students. Items such as deliveries of flowers, balloons, stuffed animals, cookie bouquets, food items, etc. should be sent to the student's home, not the school. Balloons are not permitted on the bus. Forgotten items delivered by parents will be kept in the main office.

Only essential items may be dropped off for your child. Items deemed essential include the chromebook and medication. Items that will not be accepted include, but are not limited to food, drink, athletic equipment, and projects.

VISITOR'S PASS

Individuals not enrolled at school are not allowed on campus. All persons not employed by the school must see school personnel to obtain a visitor's pass to be on campus. Students enrolled at Coldwater Academy or New Directions, although students, are also subject to this rule. Anyone who refuses to comply with this regulation may be subject to civil and criminal prosecution as directed under the authority of Title 13, Chapter III of the Arizona Revised Statutes for trespassing.

STUDENT BEHAVIOR

STUDENT EXPECTATIONS

Each student will be responsible for knowing and upholding these standards and will be held accountable for all Governing Board Policies.

1. Teachers will dismiss the class when the period is over; the class is not automatically dismissed when the bell rings.
2. Students must respect public and private property in the community. Defacing, littering or trespassing on a citizen's property is forbidden.
3. On campus, when riding a school bus or at school sponsored activities, students may hold hands. No other form of physical affection is to be displayed.
4. All students are subject to the authority of all faculty and staff members during the regular school day and while attending any school function on or off campus. The regular school day includes the time of travel to and from a student's home residence. Arizona state law places school staff members in the same legal position as parents while students are enrolled in school.
5. An Identification Card bearing the student's name and picture will be issued to every student. Students are to display this card at all times and present it upon request of any staff or faculty member.
6. There is to be no loitering on or near the campus at any time. All students are expected to leave the campus when their school day is concluded.
7. Any student whose conduct, during the regular school day or while attending a school function, whether on campus or off, is such that it brings discredit to the school may be suspended, expelled, or banned from attending further events depending on the seriousness of the offense.
8. A healthy school environment must be free from insults and intimidation. Any behavior intended to intimidate or demean others violates school rules. Behavior which intentionally intimidates or demeans another person or group on the basis of racial or ethnic background has a uniquely destructive effect on the school climate, often eroding in insults or intimidation will never be tolerated in the school environment. A student who intimidates, provokes, threatens, bullies or uses physical force against another person may be suspended or expelled.
9. Personal equipment and property not essential to the school program is the responsibility of the student while on campus. Examples are electronic games, smart phones, tablets, laptops, speakers, etc. The school and district are not responsible for the loss or damage of these items.
10. Disciplinary action will reflect zero tolerance of guns or ammunition on or near school property or at school activities, including guns, which shoot pellets, bbs, or other similar material. Accordingly, a student who possesses any type of gun (real or simulated) on or near school grounds or at school sponsored activities will be subject to long-term suspension or expulsion. Disciplinary action will also reflect zero tolerance for possession of any other instrument or weapon, which may be dangerous or intimidating. Arizona Revised Statutes 13-3101 – 13-3110 further prohibit the concealment of weapons and possession or sale of explosive devices. In addition to school discipline, infraction may result in the filing of criminal charges.

11. Gang behavior that initiates, advocates, or promotes activities which threaten the safety or well-being of persons or property on school grounds, or which has the potential to disrupt the educational environment, is strictly forbidden. Any student who wears, carries, or displays gang clothing, symbols, or paraphernalia, who exhibits behavior or gestures which symbolize gang membership, who causes and/or participates in activities which intimidate or adversely affect the educational pursuits of another student or the orderly operation of the school shall be subject to suspension.
12. Students must comply with all COVID-19 safety guidelines. This includes exercising social distancing when appropriate, using proper hygiene practices, and isolation protocols for positive Covid-19 cases. Students who refuse to comply with these guidelines will be offered alternative learning opportunities.
13. Whether in a virtual classroom or in-person classroom, students are expected to comply with the school's and classroom rules/expectations. Student behavior shall align with the Student Rights and Responsibilities Handbook.

CLOTHING AND PERSONAL APPEARANCE

Agua Fria High School District believes that there is a connection between Student Dress and Academic Success. As such, any attire that detracts from the learning environment is not acceptable. Students should dress in a manner that takes into consideration the educational environment, safety, health and welfare of oneself and others. The following guidelines are not intended to be entirely inclusive of all dress code situations. The school administration retains the final discretion to determine that the garment or accessory meets the dress code. Some exceptions may be made for special events, formal attire (dances), spirit week, or costumes.

It is the students and their parent/guardian's responsibility to be aware of the dress code policy and conform to these requirements. Each school will meet the minimum guidelines of the district dress code but may add other restrictions if the school administration deems it necessary. If a student or parent has any questions about whether specific attire or accessories are in compliance with the dress code, they should contact the Assistant Principal prior to wearing such attire.

ATHLETICS & ACTIVITIES INFORMATION

ATHLETIC PARTICIPATION

AFUHSD features a full selection of men's and women's sports. Athletic participation is encouraged at AFUHSD as a means for developing students' physical, social and academic abilities. Information for participating in athletic competition is available through our Athletic Department located in the front office. Please be aware that the Arizona Interscholastic Association (AIA) is its own governing body and has implemented Covid-19 protocols for participation by member schools. These protocols will differ from the Agua Fria Union High School District protocols and must be adhered to.

STUDENT/FAN SPORTSMANSHIP

It is the duty of all students at athletic contests to show enthusiasm for their own team and respect for their opponents. All cheers, activities, and conduct should follow the ideals set forth in Pursuing Victory with Honor. Student behavior that violates school rules or that negatively affects the educational and competitive atmosphere at AFUHSD may result in disciplinary action.

Student Attendance

(Policy JE)

The parent or guardian is charged by law with responsibility for the student's consistent school attendance. The Superintendent will enforce the laws regarding attendance, with consideration for the variables that affect children and families. The Superintendent will place emphasis on the prevention and correction of the causes of absenteeism.

The AFUHSD 90% rule and attendance appeals process will remain in effect during the 2021-2022 school year.

Agua Fria Online Attendance

Consistent attendance for online students is expected. Logged minutes via Edgenuity will be used to track student attendance for Agua Fria Online students.

Attendance Policy

It is the belief of Agua Fria Union High School District that there is a clear and positive correlation between student learning and consistent and prompt attendance in class. Much of what is presented in class is sequential. Therefore, learning requires a continuity of attendance and effort. We also strongly believe that what occurs in class is vital to student learning. Lack of consistent attendance means that students will not get the full benefit of the courses offered at their school.

Verified Absences

(Policy JH)

The regular school attendance of a child of school age is required by state law. Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and important reasons. Such reasons include illness, bereavement, other family emergencies, and observance of major religious holidays of the family's faith.

In the event of a necessary absence known in advance, the parent is expected to inform the school; if the absence is caused by emergency, such as illness, the parent is expected to telephone the school office.

When Absent from School

State law mandates that the school record reasons for all student absences. Therefore, when a student is absent, it will be necessary for the parent to call the school on or before the day of the absence in order to advise the school as to the reason for the absence. When it is impossible to call on the day of the absence, the

school should be notified on the morning the student returns, in time for the student to obtain an admission slip prior to the student's first class. All absences not verified by parental or administrative authorization will remain unexcused.

If a parent does not have access to a phone, either at home or at work, a note will be accepted for verification purposes.

For absences greater than one (1) day in length, the school should be notified each day of the absence.

All personnel will solicit cooperation from parents in the matter of school attendance and punctuality, particularly in regard to the following:

- The scheduling of medical and dental appointments after school hours except in cases of emergency.
- The scheduling of family vacations during school vacation and recess periods.

The school may require an appointment card or a letter from a hospital or clinic when the parent has not notified the school of an appointment of a medical or dental nature.

School administrators are authorized to excuse students from school for necessary and justifiable reasons.

SCHOOL/DISTRICT TRANSPORTATION

The district shall seek to assure the safety of all students who are provided district transportation. Bus transportation is provided for students who live more than one and a half miles from their attending school within their boundaries. Student transportation is a privilege extended to students in the district boundaries and is not a statutory requirement, except for transportation of students with disabilities as indicated in their respective individual education plan.
