The District, Governing Board, administration, and staff regard student and staff safety as paramount while also ensuring students' rights are protected.

The contents of the Student Rights & Responsibilities Handbook are intended to be a general guide of commonly asked questions or common occurrences. It is not inclusive of all policies. The Superintendent and the Governing Board are a team of supportive and innovative individuals looking to meet the goals of the Strategic Plan. The Board is authorized under the laws of the state of Arizona to adopt all needed policies and regulations for the organization, evaluation, and governance in the District. A complete AFHSD [Governing Board Policy Manual](#) is available online for review.

## 10-Year Strategic Plan

The AFHSD's [Strategic Plan Framework](#) is a reflection of the District's vision and values. To truly envision stakeholders' dreams for the Agua Fria High School District, extensive community outreach was conducted over a period of several months. Through community events, listening tours, planning workshops, and surveys, three words were shared over and over again to describe the future of our District. These three words became the inspiration to develop our vision and core values. View our [Strategic Plan Framework video here](#).

## Vision Statement

***Creating Choice. Crafting Character. Cultivating Community.***

We will provide a robust, tailored academic experience that will prepare students for the future of their choosing: whether it is going to college or trade school, running their own business or working for someone, joining a branch of the military or in service to others. Through innovation, options, and flexibility, every family will have academic freedom in choosing a path to post-secondary success.

We will dedicate time, training, resources, and opportunities to enhance character through professional skills, social emotional learning, advisory, service learning, clubs, arts and athletics. In the AFHSD family of schools all staff are responsible for the academic success of our English learners by collaborating with each department to provide the best support for each student.

Appropriately placing students in the correct level of classes is to help maintain rigor at all levels and to ensure on-time graduation for students. Students will need to be assessed and will need to meet the state's requirements for testing out of the [English Learners District program](#). Identification of ELL students [15-756](#).

## Exceptional Student Services

[\(A.R.S 15-761 to 15-774\) \(Policy 5-203\)](#)

The Agua Fria High School District [Exceptional Student Services](#) Department's goal is to provide an appropriate and meaningful education for all of our students with special needs and to support parents, teachers and schools in this endeavor. Student success is our success.

## Exceptional Student Services (cont.)

AFHSD offers a variety of supports and services to assist our students with exceptionalities. Collaborating with students, families, school personnel, and state/community agencies, as needed for students to make the progress they need to succeed in school.

AFHSD staff will work with students and families to determine student eligibility which is determined through a formal evaluation process that uses criteria associated with specific disabilities. Within this evaluation process, data is collected from the student, family, and teachers.

AFHSD staff will come together as the Individualized Education Program (IEP) team for those eligible under the IDEA. The IEP team is composed of student, family, school personnel, and state/community agencies.

***If you believe your student may qualify for exceptional student services please contact your campuses' Exceptional Student Services office.***

## Section 504

[\(Policy 5-202\)](#)

Section 504's purpose is, among other things, to assure that students with disabilities have educational opportunities and benefits equal to those provided to students without disabilities. Responsibilities of school districts under Section 504 include Child Find, evaluation, free appropriate public education, placement and procedural safeguards. An eligible student under Section 504 is a student who has a physical or mental impairment that substantially limits a major life activity. If a student is covered by Section 504, the school district must provide free appropriate public education (FAPE), including accommodations as are necessary to ensure that the student has equal access to services, programs and activities offered by our schools.

## Child Find Notice

Children and youth may qualify for services under the Individuals with Disabilities Education Act (IDEA) or accommodations under Section 504 of the Rehabilitation Act (504). A child, school age through 21, can be referred for an evaluation at any time if they are suspected of having a disability regardless of where they receive schooling. Private school and home-schooled children may also access services. If the student is found eligible for school age services an Individual Education Plan or 504 plan will be developed. Questions can be directed to the Exceptional Student Services Department Chair.

## Gifted Student Services

[\(Policy 5-205\)](#) (A.R.S. [15-779.02](#))

AFHSD recognizes that gifted learners need a variety of pathways to enhance their unique potential as gifted students. Assessment is provided for incoming 9th graders to assess for giftedness in verbal, nonverbal, and quantitative measures. Each comprehensive campus works to scaffold instruction and differentiate learning goals to meet the needs of those identified as gifted and talented. [Gifted and Talented Program](#)

## Foster Student Enrollment, Best Interest Determination and Student Services

[\(Policy 5-102\)](#)

Students in Foster Care are protected under the Every Student Succeeds Act (ESSA) Foster Care Statute. The ESSA contains key provisions to promote educational stability and success for students in foster care.

## Foster Student Enrollment, Best Interest Determination and Student Services (cont.)

Students in Foster Care have the right to remain in the school they attended before they entered foster care or before their placement changed. This is called the school of origin. Transportation is a shared responsibility between the public school or charter and the child welfare agency. A Best Interest Determination (BID) meeting is required when a student enters foster care or when a welfare agency is considering changing the student's placement. The BID meeting helps the public school, child welfare agency, student, placement, parent, and other stakeholders work together to determine the student's best interest. This process helps identify if a change in school is in the best interest and discusses a shared transportation plan if needed. The Agua Fria High School District is committed to ensuring educational stability for students in foster care.

### Library/Media Center

The Library Media Center Serves District students and staff.

**The general regulations that govern their use are:**

1. Students must present their student I.D. in order to utilize computers, check out books, and many of the services offered.

5. A fee may be charged for printing/copying.

### Response to Intervention (RTI)

[Response to intervention \(RTI\)](#) aims to identify struggling students early on and give them the support they need to thrive in school. The word intervention is key to understanding what RTI is all about. The goal is for the school to intervene, or step in, and start helping before a student falls really far behind. RTI is also a time for students who are successful to enrich their learning. **Attendance is required.**

### Tutoring

Tutoring is available on each campus. Please consult with your teacher on time and location. Only students that attend tutoring and are assigned bus riders may ride the tutor bus. A student ID and tutor pass are required to ride the bus.

Information for participating in athletic competition is available through our Athletic Department located in the front office. Students must be registered and cleared to participate in athletics using [Final Forms](#). Extracurricular activity eligibility. Athletes must maintain academic eligibility by passing all courses. Eligibility is determined every 9 weeks. Student-athletes enrolled in credit recovery courses must not only be passing each course, but also show adequate progress towards completion. Students participating in athletics must follow AIA Bylaws and requirements.

## Student/Fan Sportsmanship

It is the duty of all students at athletic contests to show enthusiasm for their own team and respect for their opponents. All cheers, activities, and conduct should follow the ideals set forth in Pursuing Victory with Honor. Student behavior that violates school rules or that negatively affects the educational and competitive atmosphere at AFHSD may result in disciplinary action and/or removal from other school activities, on or off campus. Parents/Guardians are also expected to model Pursuing Victory with Honor. Behavior that violates this may result in the parent/guardian being removed from an event and possibly trespassed to future events depending on the severity of the incident.

## Sports, Clubs And Organizations

Visit your school website for a list of extracurricular activities offered. Any student(s) may initiate the steps to create an on campus club; instructions and procedures for organizing a club may be obtained from Student Government.

## Student Government

Student Government is a co-curricular organization of elected and appointed students who represent the student body to the campus and district administration. This group is open to all students through an application process and is an integral part of the school community in developing leaders and organizing campus activities. Please see the Student Government advisor or front office for more information about joining Student Government.

## Fundraising

([Policy 5-212](#))

The various clubs and organizations on campus are permitted to have fundraisers so that they may have finances to conduct activities. Federal lunch guidelines do not permit sales during school hours. A written request must be submitted to the Student Government and an Administrator for approval to ensure equality in sales. All receipts must be deposited to that group's account in the bookstore. Arizona State Law requires that all accounts be handled in this manner. Classes, clubs and organizations are not to solicit funds. Student funds should be spent during the school year in which they were raised. ## Student Services

The [Student Services Department](#) consists of highly qualified and certified school counselors, school social workers and student support specialists.

School Counselors will be available to assist students in resolving academic, vocational, personal and social difficulties by offering alternatives, listening, and referring students to other agencies that may help. School Counselors may act as liaisons among faculty/staff, parents and students. Counselors will coordinate services between students, parents, and staff.

School social workers provide additional support to students to support mental health, academic success, family engagement and providing resources to families. The school social worker is integral in crisis management and threat assessments.

Student support specialists provide students with support in areas such as school connection, academic success, mental health, and executive functioning skills. The student support specialist will refer students to the counselor or social worker when a more intensive intervention is required.

Safety & Security: <https://www.aguafria.org/Page/8398>

## Fire/Crisis Drills

State laws require periodic fire/crisis drills. In evacuations, students are to file out of the building in an orderly manner and stay in a group with their teachers. During lockdown drills, students are expected to follow teacher instruction and stay in the classroom. All drills and authentic crises should be treated in the same manner. The District follows the I Love U Guys standard response protocol. <https://iloveuguids.org/>

## Reunification

A crisis situation may require that students are reunified with their families, either on-site or at an off-site location. The AFHSD follows the i love u guys [Standard Reunification Method](#) to support a controlled release of students to their parents/guardians. Please read the parent handout regarding reunification.

It is expected that law enforcement officers will maintain a professional presence as law enforcement while on school facilities or attending school events. ## Parking Lot Procedures

**Parking permits are only available with proper driver's license verification and proof of insurance.**

Driving to and parking at school is a convenience and privilege that must not be abused. In order to ensure safe and orderly use of the school parking lot, the following procedures will be observed:

2. Student drivers must park in the student parking lot.
3. For maximum security, students should park in a parking place upon arrival on campus, lock their cars, and proceed on to the school grounds without delay. Loitering in the parking lot is prohibited at all times. Any student who abuses the parking rules and regulations may have privileges restricted and/or their car removed at the student's expense.
4. Any student who drives recklessly or uses excessive speed in the School Zone or in the parking lot will have their driving privileges on campus restricted and/or revoked. Refunds for such actions will not be issued.
5. As in any parking lot, cars are parked at the owner's risk. The District is not responsible for theft or damage.
6. Maximum legal speed on campus is 5 MPH.
7. Each campus may have additional site specific procedures.
8. Vehicles are subject to search if there is reasonable suspicion.

State law mandates that the school record reasons for all student absences. Therefore, when a student is absent, it will be necessary for the parent to call the school on or before the day of the absence in order to advise the school as to the reason for the absence. When it is impossible to call on the day of the absence, the school should be notified on the morning the student returns, in time for the student to obtain an admission slip prior to the student's first class. All absences not verified by parental or administrative authorization will remain unexcused. If a parent does not have access to a phone, either at home or at work, a note will be accepted for verification purposes.

For absences greater than one (1) day in length, the school should be notified each day of the absence. All personnel will solicit cooperation from parents in the matter of school attendance and punctuality, particularly in regard to the following:

- The scheduling of medical and dental appointments after school hours except in cases of emergency.
- The scheduling of family vacations during school vacation and recess periods.

The school may require an appointment card or a letter from a hospital or clinic when the parent has not notified the school of an appointment of a medical or dental nature.

## Ninety Percent (90%) Attendance Requirement

In order to receive credit for the semester, 90% attendance is required in each assigned class (A.R.S. 15-803B). Classes missed due to school approved activities, e.g., field trips, performing groups, student government, etc., are excluded. Administrators are authorized to excuse additional absences for extended illness, injury or extenuating circumstances upon satisfactory verification. In such cases, to receive credit, students are expected to make up missed work in a timely manner. Should a student accumulate absences totaling more than 10% (verified and/or unverified) in a semester class credit can be withheld.

## Verified Absences

### [\(Policy 5-103\)](#)

The regular school attendance of a child of school age is required by state law. Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and important reasons. Such reasons include illness, bereavement, other family emergencies, and observance of major religious holidays of the family's faith.

In the event of a necessary absence known in advance, the parent is expected to inform the school; if the absence is caused by emergency, such as illness, the parent is expected to telephone the school office.

## Unverified Absences

Those absences that a parent/guardian does not authorize within 24 hours of the student's return to school OR absences that an administrator has confirmed as unauthorized OR absences that are for other than illness or family emergency are considered unverified. Should a student receive 10 total absences in a semester class, credit can be withheld. If an appeal conference is requested, student, parent/guardian, teacher, and Appeals Committee shall confer to determine action.

## State Truancy Law

### [\(Policy 5-103\)](#)

A child between the ages of six (6) and sixteen (16) failing to attend school during the hours school is in session is truant unless excused pursuant to A.R.S. 15-802, 15-803, or 15-901.

Truant means an unexcused absence for at least one (1) class period during the day. This includes absence from any class, study hall, or activity during the school day for which the student is scheduled. Unexcused absence for at least five (5) school days within a school year constitutes habitual truancy. The Superintendent will establish procedures to identify and deal with unexcused absences, beginning with notification of parents. Continued violation may lead to discipline of the child and/or referral of the parent to a court of competent jurisdiction.

## Tardy Policy

A student shall be considered tardy if they are not inside the classroom when the tardy bell stops ringing. Students arriving on campus after the tardy bell rings must report to the attendance office.

A student is considered absent if they miss 15 minutes or more of the classroom period.

A late arrival to school may also be verified if a parent/guardian calls in, provides a note, or accompanies the student to the attendance office. These verified tardies will be limited to five per semester. All others will be considered unverified.

## Attendance Loss of Credit Appeal

If a student loses credit due to excessive absences, the student and parent will be notified of the reason for loss of credit as well as the procedure to appeal for credit reinstatement. Students and parents must sign and return the appeal form. A parent conference may be required to develop a plan for a successful appeal. Students should continue to attend class and complete assigned work. Attendance and grades will be considered in granting appeals. Appeals will be heard by an Appeals Committee at the end of each semester and the committee's decision is final. A student, and parent if requested, must appear in person before the Appeals Committee. Failure to do so will be an automatic denial of restoration of credit.

If the officer directs that parents are not to be contacted because the interview is related to criminal activity of the parent(s)/guardian, the school official shall comply with the request. Unless these circumstances exist the parent will be contacted and will be asked if they wish the student to be interviewed. If the parent consents the parent will be requested to be present or to authorize the interview in their absence within the school day of the request. Where an attempt was made and the parent(s) could not be reached or did not consent within the school day of the request, the peace officer will then be requested to contact the parent(s) and make arrangements to question the student at another time and place. Safety of the student population is of concern. When a peace officer is present on the campus to interview students at the request of school authorities due to concerns for the safety of the students in the school population, parent contact shall only be made if a student is taken into custody or following the determination that the student may be subject to discipline for a serious offense. The SRO, present at the request of the school for the continued maintenance of safety and order, may interview students as necessary regarding school related issues as determined by school officials and parents will be contacted if the student is to be taken into custody or if the student is subject to discipline for a serious offense.

## **Searches**

School officials have the right to search and seize property, including school property temporarily assigned to students, when there is reason to believe that some material or matter detrimental to the health, safety, and welfare of the student(s) exists. District employees are not authorized to conduct a search of a student that would require the student to expose or remove underclothing.

Items provided by the District for storage (e.g., lockers, desks) or personal items are provided as a convenience to the student but remain the property of the school and are subject to its control and supervision. Students have no reasonable expectation of privacy, and lockers, desks, storage areas, et cetera, may be inspected at any time with or without reason, or with or without notice, by school personnel. This includes backpacks/bags moving through the weapons detectors.

Under any circumstance in which a student refuses a search following reasonable suspicion by a school official, the school has the right to issue disciplinary action for defiance.

## **Arrest**

When a peace officer enters a campus providing a warrant or subpoena or expressing an intent to take a student into custody, the office staff shall request the peace officer establish proper identification, complete, and sign a form for signature of an arresting officer or interviewing officer. The school staff shall cooperate with the officer in locating the child within the school. School officials may respond to parental inquiries about the arrest or may, if necessary, explain the relinquishment of custody by the school and the location of the student, if known, upon contact by the parent.

# Suspension and Expulsion of Students

(Policy 5-306)

Each school will establish a procedure that at a minimum will provide the principal, or the designee of the school administrator, with documentation of the teacher's reason(s) for the temporary removal of a student from class.

Refusal to readmit per [A.R.S. 15-841](#):

Upon discussion, by the administrator with the teacher, of disciplinary action implemented in conjunction with a temporary removal in accord with the rules established by the Board, the teacher will be required to state an intent to readmit or refuse to readmit the removed student. If the teacher refuses to readmit the student, the reason shall be written by the teacher, explaining the conditions used to determine the removal, and shall be provided to the administrator by the next business day following the temporary removal. Either of the following conditions must exist for a temporary removal per [A.R.S. 15-841](#):

The teacher has documented that the pupil has repeatedly interfered with the teacher's ability to communicate effectively with the other pupils in the class or with the ability of the other pupils to learn.

The teacher has determined that the pupil's behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the other pupils in the classroom or with the ability of the other pupils to learn.

The matter will be referred to the school placement review committee (SPRC) constituted in accordance with statute if the conditions are consistent with those stated in [A.R.S. 15-841](#). Within three (3) business days following the date of temporary removal, the SPRC shall determine to either place the student in a new class or return the student to the existing class if that is the best or only practicable alternative.

If the student is qualified for educational services under the Individuals with Disabilities Education Act (IDEA), any change in the student's individualized education program (IEP) shall be determined by the individualized education program (IEP) team in accord with federal regulations.

Any teacher, administrator, Board member, parent, or other person may report a violation of student disciplinary rules to an administrator. The administrator will then make an investigation of the charges as deemed appropriate and will institute appropriate proceedings.

This information for the maintenance of public order on school property will be publicized and explained to all students and provided in writing to parents as requested. In order to promote effectiveness of student discipline, the assistance of parents in enforcing rules for student discipline shall be invited and encouraged.

## Student Due Process-Suspension/Expulsion

(Policy 5-306)

1. **Discipline**—Discipline is administered by the principal/designee, the faculty and the staff.

2. **Referral**—Students will be referred to the principal/designee for violations outlined in the foregoing sections "Discipline Guidelines" and when their disruptive behavior interrupts the educational process.

3. **Due Process**—Students in the District have certain rights. They also have the responsibility to respect the rights and property of others. If a student fails to do this, disciplinary action will follow. In disciplinary cases, each student is entitled to due process. This means students:

- must be informed of accusations against them;
- must have the opportunity to accept or deny the accusations;
- must have explained to them the factual basis for the accusations; and
- must have a chance to present an alternative factual position if the accusation is denied.

4. **Short Term Suspension**—If the principal or designee decides that the alleged misconduct warrants a consequence of a suspension for nine (9) days or less, the principal/designee shall give the student an informal hearing and shall examine all the pertinent facts to determine whether or not a violation did occur. The student shall be afforded due process rights including the opportunity to present to the principal/designee, his or her defense or position concerning the alleged violation. After the termination of the hearing, the principal/designee, upon the basis of all facts and information learned, shall determine the guilt or innocence of the student. If the student is found to be guilty, a consequence or suspension may be imposed for a period of time not to exceed nine (9) days. If a suspension is imposed, the principal/designee imposing the suspension shall keep a record of the aforesaid proceedings.

There is no appeal process for a short term suspension of 9 days or less. However, a parent may request a campus administrative review of the campus procedures that resulted in discipline.

After the administration's review is complete, the principal's/designee's decision is final. Students are expected to make up work provided by teachers. Students will have the number of days equal to the number of days suspended to make-up work.

5. **Long Term Suspension**—If the principal/designee decides that the alleged misconduct is sufficiently serious so that the consequence should be suspension in excess of nine (9) days or expulsion, the accused student shall be afforded his or her due process rights. There shall be an investigation to determine if there is sufficient probable cause to charge the student with an act of misconduct, which may result in a suspension in excess of nine (9) days or an expulsion. When a student is charged by the principal/designee with misconduct, which may result in suspension in excess of nine (9) days or expulsion, the parent(s) or guardian of the student shall be informed within a reasonable time period by telephone or letter of the charges against the student. The suspension shall be in accord with pertinent Arizona Revised Statutes. The ability to make up work for credit during long term suspension is at the discretion of the hearing officer or the Governing Board and will only be allowed in exceptional circumstances.

If a school administrator believes that a long term suspension may be warranted as a result of alleged misconduct of a student, the administrator/designee will notify the parent(s) in writing. The school administrator/designee shall also notify the Assistant Superintendent of Educational Services to schedule a long term suspension hearing.

If a long term suspension hearing is scheduled, the District will send by certified mail, or deliver, or cause to be mailed or delivered, notice of the hearing to the student's parent(s) at least five (3) working days prior to the hearing. The notice shall contain:

- The time, date and place of the hearing.
- The name of the hearing officer.
- A description of the alleged misconduct, the standard of student conduct allegedly violated and the proposed discipline.
- A copy of [Policy 5-306](#) and A.R.S. 15-840 through 15-844.
- A statement that the student and parents(s) are entitled to various procedural rights as described in this policy.
- A statement that notice must be given to the superintendent/designee at least 24 hours before the hearing if the student or his parent(s) will have an attorney present.

The hearing shall be held at the time and place stated in the notice unless all interested parties agree otherwise. In the event the District is unable to contact the parents or guardians after taking reasonable steps to do so, the District may proceed to hold a hearing or take other steps regarding the discipline of the student.

At the conclusion of the hearing, the hearing officer shall determine whether discipline will be imposed, and, if deemed appropriate by the hearing officer, a long term suspension may be imposed immediately. Written confirmation of the hearing officer's decision shall be mailed or delivered to the student's parent(s) within five (3) days after the hearing. A copy of the written decision shall be delivered or mailed to the superintendent. If the decision is to impose a long term suspension, the written decision shall:

- Name the student.
- Describe the behavior that resulted in the long term suspension.
- State the beginning and ending dates of the suspension and the restrictions of the student's presence on campus and at school activities.
- Inform the parent(s)/guardian about suspension appeal procedures. Absent extenuating circumstances, once a due process hearing has concluded, no new testimony or documents may be presented.

**6. Suspension Due to Clear and Present Danger**—If in the best judgment of the principal/designee after reasonable investigation, the facts indicate that the presence of the alleged offender constitutes a clear and disruptive influence to the educational processes on campus, the principal or designee may suspend the student from the school pending a hearing and disposition of the case.

**7. Long Term Suspension Appeal**—If the hearing officer recommends a long term suspension, the Governing Board will be informed, in writing, of that decision. Parent(s)/legal guardian(s) may appeal the decision for long term suspension based on one of the following reasons:

- There was substantial non-compliance with Policy 5-306.
- The pupil's legal rights, including the right to receive due process, were violated by the hearing or the hearing officer's decision.
- The discipline imposed by the hearing officer was unreasonable considering the circumstances present.

To appeal the decision of the hearing officer, parents must deliver a letter to the superintendent within five (5) working days after receiving notice of the decision of a long term suspension. The letter must describe in detail all objections to the hearing or the decisions rendered at the hearing. The Governing Board will review written material forwarded to them by the hearing officer and the parent's/legal guardian's letter of appeal. If the Governing Board feels more information is necessary, they will conduct another hearing. No new evidence can be admitted at the appeal hearing. The Governing Board will review the material in executive session. Unless requested in writing by the parents, the executive session will be closed. Upon review of the written material in executive session, the Governing Board may uphold, modify, or rescind the hearing officer's decision.

**8. Expulsion**—The hearing officer may recommend that a student be expelled from the school District. That recommendation will be forwarded to the Governing Board, who will act on it. Parent(s)/legal guardian(s) may appeal the recommendation for expulsion based on one of the following reasons:

- There was substantial non-compliance with [Policy 5-306](#).
- The pupil's legal rights, including the right to receive due process, were violated by the hearing or the hearing officer's decision.
- The discipline imposed by the hearing officer was unreasonable considering the circumstances present.

The Governing Board will consider a hearing if there is an appeal of the hearing officer's recommendation for expulsion from the parent. The Governing Board will review the written material from the hearing officer and the parents and will hear testimony from the hearing officer, the school officials, and the student's family. No new evidence can be admitted at the appeal hearing.

The Governing Board will conduct the hearing in executive session. Unless requested in writing by the parent(s)/guardian(s), the executive session will be closed. If the parent(s)/legal guardian(s) disagree that the hearing, held by the board, should be held in executive session, it shall be held in an open meeting unless:

- If only one student is subject to the proposed action and disagreement exists between that student's parent(s)/legal guardian(s), then the Governing Board, after consultation with the student's parent(s)/legal guardian(s), shall decide in executive session whether the hearing will be in executive session.

If more than one student is subject to the proposed action and disagreement exists between the parents of different students, then separate hearings shall be held subject to the provisions of [A.R.S. 15-843](#).

Nothing in these procedures shall be construed to prevent the students who are subject to the action and their parent(s)/legal guardian(s) and legal counsel from attending any executive session pertaining to the proposed disciplinary action or from having access to the minutes and testimony of such executive session or from recording such a session at the parent's/legal guardian's expense.

**9. Readmission**—When a student is expelled, the student's parent(s)/legal guardian(s) may request that the student be readmitted no sooner than one year after the date of the expulsion. The readmission of an expelled student can only be granted by the Governing Board, in its discretion, and may begin the semester following the decision to readmit.

**10. Student Disciplinary Record-Keeping**—Each principal or designee shall keep and retain complete records of pupil disciplinary actions and procedures. Records regarding pupil disciplinary actions shall be retained for at least four (4) years after graduation or withdrawal. The kinds of disciplinary actions for which an accounting shall be kept shall include, but not be limited to, suspension, placement in special classes and referrals of cases to police and juvenile authorities.

The accounting for pupils subject to disciplinary action shall contain an entry of:

- Pupil's full name.
- Time, place and date of the offense or offenses, behavior observed.
- Specific measures taken by person(s) reporting the offense to effect an adjustment, including the specialized help secured before referral, i.e., conferences with parent(s)/legal guardian(s), conference with principal, conferences with other school personnel, referrals to department of pupil, personnel services, etc. · Final disposition of the case.
- Name of person(s) imposing the action or actions.
- Statement of clarification by student or parent(s)/legal guardian(s) if either wishes.

**11. Principal/Designee Review**—In case of a suspension which is for nine (9) days or less, and there has been no recommendation for long term suspension, the student/parent may request, in writing, a review of the situation/discipline. Once the principal/designee reviews the stated concern(s), the principal/designee shall notify the student/parent of the final determination.

## **Gang Activity or Association**

(Policy [5-301](#), [5-302](#), [5-305](#))

Gangs that initiate, advocate, or promote activities that threaten the safety or well-being of persons or property on school grounds or disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of dress or grooming that, by virtue of its color, arrangement, trademark, symbol, or any other attribute indicates or implies membership or affiliation with such a group is prohibited because of the disruption to educational activities that results from such activities or dress. It is the District's position that such activities and dress also present a clear and present danger to other District students and to District staff members.

Any activity involving an initiation, hazing, intimidation, assault, or other activity related to group affiliation that is likely to cause or does cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students or others is prohibited.

Any student wearing, carrying, or displaying gang paraphernalia and/or exhibiting behavior or gestures that symbolize gang membership, or causing and/or participating in activities that intimidate or adversely affect the educational activities of another student, or the orderly operation of the schools, shall be subject to disciplinary action.

# Transportation Discipline Procedures

(Policy [5-305](#), [3-302](#)) (A.R.S. 15-341) (ADOT R17-9-104)

## **Student Conduct On School Buses**

Transportation is extended to students in the District as determined by District. It is not a legal requirement except for transportation of special needs students as required by their individual education program

The Governing Board requires students to conduct themselves on the bus, prior to boarding the bus, and leaving the bus, in a manner consistent with established standards for classroom behavior. Bus misconduct may result in suspension from the bus, and/or school, and/or discipline consequences for behavior on any other school property as defined in this Discipline Handbook. Students who have their bus privileges suspended are expected to be in attendance as per the State's compulsory attendance law.

The driver of a school bus is legally responsible for the orderly conduct and safety of all passengers being transported. All passengers are under the authority of the school bus driver (ADOT R17-9-104).

The bus rules are posted on all buses. Violation of the bus rules will result in a behavioral referral to the school principal and could lead to suspension of bus privileges. Suspension from the bus may also result in other disciplinary consequences. All suspensions start only after parent contact. Every attempt will be made to contact the parent by phone. If unsuccessful, written notice will be mailed and/or sent home with the student.

Glass, animals, insects, tobacco, drugs, weapons, and dangerous items are not allowed on the bus. Skateboards, instruments, or equipment must be under the student's control at all times. A skateboard carrying bag is preferred. Scooters are not allowed on the bus. Students are required to present their IDs as they exit the bus in the morning and as they board the bus in the afternoon. If a student does not have an ID, they will not be allowed to ride the bus home. Students may obtain a temporary bus pass authorizing them to ride the bus home for that day. Bus passes need to be obtained prior to the end of the school day. Video cameras may be on the buses. (Cameras are used by the District primarily for aiding student discipline on the buses.)

Students who become serious disciplinary problems related to school transportation may have their riding privileges suspended. In such cases, the parents of the students involved become responsible for seeing that their children get to and from school safely.

Students riding on special-activity buses are under the direct supervision of the bus driver in cooperation with sponsor(s). Students who do not conduct themselves properly will be denied the privilege of riding on special activity buses.

## **Bus Discipline Guidelines**

Note: Administration will exercise discretion when determining consequences and may assign a more or less severe consequence than outlined in the guidelines below. All of the infractions and consequences listed in the discipline guidelines are in effect for all school vehicles. Depending on the location and severity of the infraction, the consequence may be served on the vehicle and/or school. For example, fighting may result in a suspension from school as well as a loss of bus riding privileges. Some of the more common infractions are listed below.

## **Victim Assistance**

**Policy [1-201](#), [1-203](#), [5-409](#)**

Agua Fria Union High School District is committed to providing a safe and orderly environment where students safety can focus on learning. Sometimes, students make inappropriate choices that interfere with the learning of others. The following information is provided to assist students who are victims of bullying, threats, intimidation, verbal or physical abuse, or any other action by another person that interferes with safety. Parents are encouraged to review this information with their child.

To help parents, community members and students report threats, rumors or information on criminal activity, Agua Fria established AnonymousTips.com.

Whenever a student feels bullied or threatened, she/she should tell a parent, teacher, counselor, nurse or other school employee immediately. The most important step a victim must take to stop bullying is to report it. Students should not wait to see if someone else notices the bullying. The student should tell someone he or she trusts and who is able to help them. If the student does not feel that he or she can report the bullying or threat in person, he or she should write a note explaining the situation.

### **The student should:**

- Tell what happened to him and his response to the event.
- Tell who bullied her and who saw it happen.
- Tell where the incident happened and how it happened.
- Write down everything that happened.

- Get help from a person in authority such as a teacher or counselor.
- See the school nurse if the bullying or threat is physical in nature.

Students may report an incident of bullying to any adult on the school campus. The person contacted will inform the school administration and an investigation will begin. Consequences for bullying are outlined on later pages of this handbook.

If after the initial investigation the Superintendent has reason to believe that a violation of policy has occurred, the Superintendent shall determine whether or not to hold an administrative hearing and/or to recommend bringing the matter before the Board.

If the person alleged to have violated policy is a teacher or an administrator, the due process provisions of the District's [Policy 4-104 / 4-201](#) shall apply, except that the supervising administrator may be assigned to conduct the hearing. In cases of serious misconduct, dismissal or suspension proceedings in accordance with A.R.S. [15-539](#) et seq. may be initiated.

If the person alleged to have violated policy is a support staff employee, the Superintendent may follow due process and impose discipline under [Policy 4-104, 4-105, 4-201](#) if the evidence so warrants. The Superintendent also may recommend a suspension without pay, recommend dismissal, or impose other appropriate discipline.

If the person alleged to have violated policy is a student, the Superintendent may impose discipline in accordance with policies [5-306](#)

If the Superintendent's investigation reveals no reasonable cause to believe policy has been violated, the Superintendent shall inform the complaining party in writing.

## Timelines

The complaint must be filed within thirty (30) calendar days after the complaining party knew or should have known that there were grounds for a complaint/grievance.

Once the written complaint has been filed using the forms provided by the District, the Superintendent shall require the immediate supervisor or site administrator to investigate and respond in writing to the complaining party within five (5) working days.

If the immediate supervisor or site administrator does not respond, the Superintendent will have ten (10) additional working days to respond in writing to the complaining party.

If the Superintendent does not respond within the established time, then the complaining party may request in writing that the issue be brought before the Board. The Board will then review the record of the investigation and have thirty (30) days to respond to the complaining party in writing.

# Designation of Directory Information

(Policy 5-303)

The Title IX No Child Left Behind Act of 2001, Section 9528, and AFHSD Board Policy, states that high schools are required to give out information to universities, colleges and U.S. Armed Services recruiters when such release is clearly in the students' best interests. This information includes student names, addresses, and telephone listings. Parents/Guardians may request in writing that such information not be released for their student without prior written parental/guardian consent. Any such notice must be given to the counseling chair at the school's Counseling Office.

During the school year, District staff members may compile non-confidential student directory information specified below.

According to state and federal law the below-designated directory information may be publicly released to educational, occupational or military recruiting representatives without your permission. If the Governing Board permits the release of the below-designated directory information to persons or organizations who inform students of educational or occupational opportunities, by law the District is required to provide the same access on the same basis to official military recruiting representatives for the purpose of informing students of educational and occupational opportunities available to them, unless you request in writing not to release the student's information without your prior written consent. If you do not opt out of releasing the below-designated information, then the District must provide military recruiters, upon request, directory information containing the students' names, addresses and telephone listings.

If you do not want the below-designated information about your son/daughter to be released to any person or organization without your prior written consent, you must notify the District through the School Principal in writing of that fact. If the School District does not receive this notification from you within the prescribed time, it will be assumed that your permission is given to release your son's/daughter's designated directory information listed below:

- The student's name.
- The student's address.
- The student's date and place of birth.
- The student's photograph.
- The student's grade level.
- The student's participation in extracurricular activities.
- The student's weight and height if a member of an athletic team.
- The student's honors and awards received.
- The names of Parents/Guardians of the student.

This information may also be used to compile such things as: newsletters, yearbooks, newspapers, articles, programs (dramatic and athletic), web pages, applications for scholarships and honors, and responses to military recruiters.

Please Note: School yearbooks are considered a source of Directory Information. **If you deny AFHSD permission to release Directory Information on your child, your child's class photo will not be published in his/her school's yearbook.**

# Confidentiality of Student Education Records

(Policy 5-303)

The Family Educational Rights and Privacy Act (FERPA), affords parents and students over 18 years of age certain rights with respect to the student's education records. The Governing Board has established written policies regarding the collection, storage, retrieval, release, use, and transfer of student educational information collected and maintained pertinent to the education of all students to ensure the confidentiality of the information and to guarantee parents' and students' rights to privacy. Please reference the [full policy](#) for more detailed information.
