

National Back to School Month

National Back to School Month has been observed since the 1960's.

The school year has traditionally begun in the fall and ended in late spring allowing the children of farmers in our agricultural society to help with planting and harvesting. Though today most families have moved to a more urban and suburban lifestyle, most schools in the United States still function on this system.

Agua Fria Union High School District consists of five high schools.

- Agua Fria High School which serves a student population of around 1,600, has undergone continuous expansion and modernization since it opened in the fall of 1955.
- Millennium High School opened as a freshman campus in 1979 and became a full high school within the next two decades.
- Desert Edge High School is the district's third high school, opening in the fall of 2002, with classrooms for 1800 students.
- Verrado High School is the district's fourth high school, opening in the fall of 2006. Verrado features a smaller learning community of four houses within the school which provides an open learning environment.
- Canyon View High School is the newest high school in our district, located at the foot of the beautiful White Tank Mountains.

August

- National Peach Month
- National Goat-Cheese Month
- National Crayon Collection Month
