

Good Afternoon, Owl Families!!

We are so excited to virtually welcome all of our Owls next week! Before we begin, we want to say again, no students will attend school in person. All schedules and activities described below are related to remote learning. This communication is to inform you of how your students will connect with their teachers online. Please remember that students will be following a remote learning bell schedule every day.

Monday, August 3, is FRESHMAN ONLY DAY. All 9th grade students must log in on Monday, 8/3 by 8:10am. This is a half day which will end at 11:10. Freshman students and parents will be receiving a separate communication with more details on how to log in.

Tuesday, August 4, and Wednesday, August 5, STUDENTS IN ALL GRADES will log in to their classes. First period begins at 8:10. These two days are HALF DAYS, so classes will be shortened with school ending at 11:10. Google Classroom codes for students to login will be emailed by Tuesday morning at 7:00 a.m. STUDENTS MUST CHECK THEIR SCHOOL EMAIL for these codes. In their Google Classrooms they will find the link to connect virtually with their teachers.

Thursday the 6th and Friday the 7th are FULL DAY remote learning. Students will engage virtually for a full day, from 8:10-3:05, following the remote learning bell schedule.

To Locate Google Classroom: Open your google mail and click the apps button at the top right. Click on Classroom. Click join. Enter the code for your class.

Please remember that we are following a remote learning bell schedule and students need to be logged in each day on time (look below for the half days schedule).

The teachers and staff are so excited to welcome all of you!
Have a restful weekend and gear up for learning!
