

Student Information Form

Receive a **Free Mobile Device** and **24/7 Internet Access** from the 1Million Project

Great news! Our school district is participating in the 1Million Project. This means you may be eligible to receive a free wireless device and free high-speed mobile Internet service (for up to four years) while in high school.

What you receive:

- 3GB per month of free high-speed wireless data. Unlimited data is available at 2G speeds if usage exceeds 3GB in a month
- A free smartphone, tablet, or hotspot device (device type depends on your school)
- Free hotspot capability and unlimited domestic calls/text while on smartphones (subject to district limitations)
- Care and tech support for your 1Million Project device via a toll-free number

With a free device + Internet access, you can:

- Complete your homework
- Watch teacher-assigned videos
- Learn how to complete a complicated math problem
- Do research for your school papers and projects
- Communicate with your teachers
- Practice for the SAT on Kahn Academy's website

Who is eligible:

To be eligible, you must not have reliable Internet access at home; or you have multiple students in the same household all working from a single computer; or have a slow Internet connection (i.e. dial up speeds) that is not adequate for completing homework assignments.

Why is Sprint and the 1Million Project Foundation providing mobile devices + Internet access through the 1Million Project?

Our purpose in providing Internet access is to help ensure students like you are able to study, learn, complete schoolwork from home, and have the digital skills needed for today's jobs. That's it! The program is 100% free and we do not capture any personal identifiable information about your family.

How do I sign up?
