Millennium High School Teacher Recognized as the Best

What do Albert Einstein, Benjamin Franklin and Marie Curie all have in common with Millennium High School teacher David Wirth? They are all award-winning scientists with a passion for physics. Agua Fria Union High School District is proud of Mr. Wirth who was recently named the [2021 National Physics Teacher of the Year](#).

“Mr. Wirth’s passion for physics is contagious. His innovative teaching methods have inspired students to explore math and science,” remarked Millennium High School Principal Todd Stevens. “Mr. Wirth brings excitement to our campus. He has provided numerous STEAM opportunities for students with the Science Olympiad Club, Physics Bowl and Physics Photo Contest. His efforts are definitely guiding our students to study science in college and pursue it as a career path.”

Mr. Wirth’s enthusiasm and excellence in the classroom has helped build a robust physics program at [Millennium High School](#). Students are able to enroll in multiple science classes throughout the year and are excited to learn from Mr. Wirth.

Congratulations to Mr. David Wirth for being recognized as an outstanding high school physics educator! Help celebrate his accomplishment by posting your congratulations to our July 23 [Facebook](#) post.

#####

Agua Fria Union High School District was established in 1955. Today, the district serves the communities of Avondale, Buckeye, Goodyear, Litchfield Park, Waddell and part of Glendale with its six high schools: Agua Fria, Canyon View, Desert Edge, Millennium, Verrado and Agua Fria Online. Plus the District offers two alternative programs: Coldwater Academy and New Directions. More information can be found at aguafria.org
