

2019 BOND FACT SHEET

Did you know?

The 2015 bond provided safety enhancements, invested in technology to allow us to push our district to go 1:1 where all students receive their own chromebooks, and provided funds to build our fifth high school, Canyon View, to support our growing community.

Moving forward...

The funding requested by the 2019 election will address school safety and fund critical repairs. The District has school buildings that are now over 60 years old and in desperate need of renovation. Other areas in need of renovation include restroom facilities, air conditioning and HVAC systems, and other major systems that have outlived their useful lives. These areas will be renovated with modern efficient systems.

ABOUT THE 2019 BOND

A bond provides the district additional funding to use for capital items, such as new buildings, additions or renovations to buildings, school buses, equipment and technology.

How will the bond impact Agua Fria Union High School District?

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.

If approved, the bond will provide:

- Safety and Security Improvements
- Air Conditioning and HVAC Systems
- Building Renovations and New Construction
- Site Maintenance and Campus Improvements

How will the bond affect property tax rates?

The cost of the proposed bonds to the owner of an average home value within the District of \$187,110 is projected at about \$1.30 per week

How will the 55 million be allocated?

Safety and Security Improvements

- Upgrading Access Control Systems
- Site Security Improvements
- Security Gates
- Secured Storage

Air Conditioning and HVAC Systems

- Upgrade Central Plants
- Renovate Restrooms

Building Renovations and New Construction

- Science and CTE Renovations
- Gymnasium, Band, and Dance Renovations
- Online curriculum facilities

Site Maintenance and Campus Improvements

- Track/Field Improvements
- Covered outdoor classroom space
- Campus lighting

AGUA FRIA HIGH SCHOOL

BENEFITS ARE:

Safety and Security Improvements

- Update access control system
- Demo existing lockers

Site Maintenance and Campus Improvements

- Demo transportation & warehouse, repair site
- Site maintenance & repairs
- Demo outdated building and campus site improvements

Building Renovations and New Construction

- CTE classroom improvements
- Demo aging building, rebuild as 2-story classroom building
- Renovate classroom buildings

Air Conditioning and HVAC Systems

- Upgrade central plant
- Upgrade cafeteria/kitchen

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.

CANYON VIEW HIGH SCHOOL

BENEFITS ARE:

Safety and Security Improvements

- Vehicular gates

Site Maintenance and Campus Improvements

- Tennis court lightning
- Xeriscaping

Building Renovations and New Construction

- Acoustical treatments

Air Conditioning and HVAC Systems

- Upgrade building control systems

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.

DESERT EDGE HIGH SCHOOL

BENEFITS ARE:

Safety and Security Improvements

- Site security
- Secured storage

Site Maintenance and Campus Improvements

- Covered outdoor classroom space
- Stadium field lights
- Resurface tennis courts

Building Renovations and New Construction

- Dance room addition
- Performing arts center renovations and addition

Air Conditioning and HVAC Systems

- Upgrade building control systems

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.

MILLENNIUM HIGH SCHOOL

BENEFITS ARE:

Safety and Security Improvements

- Site security improvements

Site Maintenance and Campus Improvements

- Deferred maintenance & repairs

Building Renovations and New Construction

- Career and Technical Education (CTE) classroom renovations
- Gymnasium
- Band and dance renovations

Air Conditioning and HVAC Systems

- Renovate restrooms

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.

VERRADO HIGH SCHOOL

BENEFITS ARE:

Safety and Security Improvements

- Interior security improvements
- Site security fence and gates

Site Maintenance and Campus Improvements

- Track/field improvements

Building Renovations and New Construction

- Science and Career and Technical Education (CTE) classroom renovations and upgrades
- Acoustic improvements to performing arts and classroom spaces

Air Conditioning and HVAC Systems

- Upgrade building control systems

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.

DISTRICT IMPROVEMENTS

BENEFITS ARE:

New Facilities

- Transportation building
- Online curriculum building
- Warehouse building
- Bus parking
- Above ground fueling station

District Office

- Renovate District Office for efficiency
- Additional school busses

The District will use the proposed funds to continue the mission of "All Students College and Career Ready" by ensuring our students are provided safe, adequate, and efficient learning environments at every school across the district.
