Mrs. Utecht called the Regular Board Meeting to order at 5:30 p.m. and led the Pledge of Allegiance.

The following retirees were recognized for their years of service to the District:

- Eric Oliphant – 12 years
- Martin Purnell (not present) – 13 years
- Steve Johnson – 26 years
- Larry Robb – 12 years

Additional retirees will be recognized at the June 13, 2018 Board meeting.
Coldwater Academy student Jeffrey Favela Wolfe received a standing ovation and resounding applause for “beating the odds” and earning the chance to walk with his class at Millennium’s graduation having earned the credits necessary for his high school diploma. Jeffrey shared his Coldwater Academy success story and said that, without this program and the support of Dr. Schlosser and Mrs. Harrelson, he may have continued down a path leading away, rather than toward, earning his diploma. Jeffrey was presented with a certificate from the Board as well as a plaque from Mrs. Harrelson which says, “Life is all about how you navigate Plan B.”

Mrs. Gressett recognized Catherine Broski and Cynthia Celaya (not present) for their leadership with March for Our Lives movement in the west valley. Miss Broski shared the March for Our Lives goals and how she’s working locally to promote civic engagement for the movement. She was presented with a certificate and the Board expressed their appreciation for her efforts and those of Miss Celaya.

It was moved by Mrs. Utecht to convene a Public Hearing pursuant to A.R.S. 15-948(C) and (D), and 15-905(D) to review Revision #3 to the Expenditure Budget, including the Maintenance and Operations and District Additional Assistance Budgets for Fiscal Year 2017-2018. The motion was seconded by Mrs. Sandoval, and carried unanimously.

Mrs. Rodriguez gave an overview of the budget revisions:
- Maintenance and Operations – Increase of $553,525
- Instructional Improvement – Increase of $56,175
- Classroom Site Fund – Increase of $160,698
- Unrestricted Capital Outlay – Decrease of $796,166
- Adjacent Ways – Increase of $1,988,259

The revisions were necessary as a result of adjustments (decreases) to Average Daily Membership (ADM), Weighted ADM, the Base Level and District Additional Assistance.

Mrs. Rodriguez responded to questions from the Board related to how the decrease in ADM might impact staffing and defined District Additional Assistance. There were no questions from the audience.

It was moved by Mr. Rosztoczy to adjourn the Public Hearing. The motion was seconded by Mrs. Sandoval, and carried unanimously.

It was moved by Mr. Rosztoczy to approve Revision #3 to the Expenditure Budget, including the Maintenance and Operations and District Additional Assistance Budgets for Fiscal Year 2017-2018 as presented. The motion was seconded by Mrs. DeCoste, and carried unanimously.

It was moved by Mrs. DeCoste to approve the minutes of the April 25, 2018 Regular Board Meeting as presented. The motion was seconded by Ms. Hill, and carried unanimously.

Mrs. Sandoval announced that the Jobs for Arizona Graduates presentation would need to be rescheduled for another date.
Mrs. Sorenson and Mrs. Rodriguez gave an overview of the 301 budget and Performance Pay Plan process. Components of the presentation included a review of the statutory requirements, the three funds and how they are utilized and fund balances. Three pay-out scenarios spanning five years with projected impact on the balances were shared. Mrs. Rodriguez discussed legislation recently passed, as well as the potential for future legislation that may impact the funding through a change in the tax percentage and/or a redirect of the funding.

A committee will be convened later this month to review the District’s current 301 Performance Pay Plan, gather input and discuss options. A new Performance Pay Plan for the 2018-2019 school year will be drafted and presented to the Board and to teachers in August. Teachers will have the opportunity to vote on the draft Plan before consideration of approval by the Board, also in August. Mrs. Sorenson said the goal will be to have a Plan that has been approved by teachers and the Board as early in the school year as possible to allow ample time for teachers to develop and begin to implement their performance goals.

The Call to Public agenda item allows individuals the opportunity to address the Governing Board on any issue within the jurisdiction of the Board. Comments are limited to three minutes per person. There were two requests to speak.

Jocelyn Garcia, a student at Millennium, addressed the Board regarding her previous request for a policy change enabling seniors to wear the regalia (cords, stoles, etc.) they have earned during their graduation ceremonies. The ability to wear additional regalia on senior honors nights is not enough. Miss Garcia urged the Board to request a future agenda item for review of the policy.

Mike Sinor, President of the Agua Fria District Education Association (AFDEA), said it was inequitable that teachers who chose to participate in the recent teacher walk-out were required to use a full-day of leave. He asked the Board to convert the absences to half-days. Mr. Sinor also asked that the Board to consider paying out additional funds from the District’s 301 Fund 12 to teachers on the August 7, 2018 paycheck and said that he hopes AFDEA leadership is part of the decision-making process regarding new funding from the state.

The Support Success in Algebra Study is a yearlong research project conducted by the Educational Development Center through Boston College University. The purpose of the study is to investigate the effects of the Transition to Algebra curriculum on student algebra achievement and attitudes toward mathematics. Mr. Huffman said participation in the study will provide support for students falling in the bottom 25% in math achievement.

It was moved by Mrs. DeCoste to approve the District’s participation in the Supporting Success in Algebra Study with Boston College University. The motion was seconded by Mrs. Sandoval, and carried unanimously.
The Guaranteed Maximum Price (GMP) between AFUHSD and McCarthy Building Companies governs the construction, including pricing, of the new field house at Desert Edge High School. The contract is currently still under review by the District’s attorney, but Mr. Shepard recommended that the Board approve and authorize Dr. Runyan to sign the contract pending completion of the legal review in order to stay on track with the construction schedule.

It was moved by Ms. Hill to approve the Guaranteed Maximum Price (GMP) with Construction Manager at Risk, McCarthy Building Companies, for the Desert Edge field house and authorize the Superintendent to execute the contract agreement pending final attorney review. The motion was seconded by Mrs. DeCoste, and carried unanimously.

Christopher Todd Communities will be developing a property at the southeast corner of Dysart and Indian School Roads that will bring 373 multi-family rental properties to the community. Under current attendance zones, students from this development will attend Agua Fria High School. This agreement outlines the developer’s commitment to participate in a partnership to give the district a voluntary donation of $200 per residential unit in order to mitigate the impact of the increased student population.

It was moved by Mrs. DeCoste to approve the Developer Donation Agreement with Christopher Todd, LLC for the multi-family rental development, Christopher Todd on Indian School. The motion was seconded by Ms. Hill, and carried unanimously.

Dr. Runyan explained that the District has been fortunate to benefit from a grant awarded to the City of Goodyear that has covered the cost of the school resource officers at Millennium and Desert Edge for several years. That grant is now ending. This Intergovernmental Agreement outlines the covenants for the provision of a school resource officer at Millennium for the upcoming school year with a 50%/50% split of the costs between City and District, which is consistent with the agreements the District has with the cities of Avondale and Buckeye.

Dr. Runyan further clarified that in order to assist the District in building budget capacity for the new expense, the City agreed to continue to pay in full for the school resource officer at Desert Edge for one year only. This agreement is not reflected in the new IGA and Ms. Hill expressed her concern. She asked that an addendum or memo be attached to the IGA that addresses the agreement with regard to Desert Edge. Following discussion, it was moved by Ms. Hill to approve the IGA with the City of Goodyear for School Resource Officer Services for the 2018-2019 school year with the added memo. The motion was seconded by Mr. Rosztoczy, and carried unanimously.

On March 6, 2018, the Agua Fria Union High School District issued a Request for Proposal (RFP) for Yearbook Printing Services. The solicitation was sent to six vendors that were registered on the District bidder's list as well as advertised in the official newspaper of Maricopa County. The District received 5 proposals for this RFP.
An evaluation committee was formed which consisted of yearbook sponsors and school site administration. The members of the evaluation committee evaluated and scored the proposals based on the evaluation criteria set forth in the RFP packet and, as a result, recommend that the Board award the RFP to Balfour Publishing and Herff Jones. Award of this RFP to the recommended vendors will help to maintain the cost expended on yearbook printing, which was approximately $68,000.00 in the current year.

It was moved by Mr. Rosztoczy to approve the award of RFP 18-03-06 for yearbook printing services to Balfour Publishing and Herff Jones. The motion was seconded by Mrs. DeCoste, and carried unanimously.

Mrs. Sorenson presented a recommendation for approval of a new job description for the position of Interventionist. An Interventionist would use real-time student data analysis, coupled with the application of best practice in instructional strategies to increase academic achievement and student learning.

Mrs. Angela Madsen, Director of Federal Programs, said this would be an opportunity to support the Professional Learning Communities (PLC’s) through data utilization. If the District is able to hire, the positions would be supported with Title I funding and will only be hired at the District’s two Title I schools. Mrs. Utecht spoke in opposition to the positions stating that there are better means for intervention than by hiring more staff.

It was moved by Ms. Hill to approve the job description for Interventionist. The motion was seconded by Mrs. DeCoste, and carried with four “yes” votes. Mrs. Utecht voted “no.”

It was moved by Ms. Hill to approve the following priorities to be submitted to the Arizona School Boards Association for the Legislative Committee’s consideration to include in their 2019 Political Agenda:

- Provide additional state funding for nationally competitive salaries to attract, recruit and retain talented teachers.
- Revise the School Finance formula to provide a stable revenue source less reliant on the general fund or annual legislative appropriation; Fund the implementation and ongoing costs of AZ standards, assessments and technology; Allow districts the option to operate individual schools for 200-day school years and increase accompanying funding to 8% from 5% to improve student achievement; Establish statewide poverty weights within the school funding formula.
- Fully restore 9th grade CTE/JTED eligibility and funding to allow students to explore career fields and/or certification completion.
- Reform of ELL to align with research on how a second language is acquired.

The motion was seconded by Mrs. Utecht, and carried unanimously.
