

We are very pleased to let you know our M.Ed. in Educational Leadership program is now available in Arizona!

As of July 8, 2019, Arizona students who are interested in becoming a principal or assuming another leadership position are eligible to seek this degree. It is approved by the Arizona Department of Education as leading to an Arizona Standard Professional Principal PreK-12 certificate.

ACE's M.Ed. in Educational Leadership prepares students to lead, run and manage a PreK- 12 school. Our program offers relevant coursework – aligned to national and state standards – designed to learn how “think like a principal” while preparing for the next career step.

The M.Ed. in Educational Leadership coursework is fully online. There also is an internship component which takes increasing responsibilities for student learning under professional guidance.

I hope you will encourage your district teachers to [visit our website](#) to learn more about this exciting program now offered in Arizona.
