Fees do not exceed the actual cost of the activity, program, service, equipment or materials. Per A.R.S. 15-116 (A): "A school district governing board...that authorizes the assessment of fees pursuant to this title shall ensure that all fees contain a provision that allows the fees to be waived in the event of economic hardship to the pupil. (B): "The nonpayment of fees charged by a public school may not prevent a pupil from enrolling in, applying to or remaining enrolled in a public school." Per A.R.S. 15-342.24: "For high school pupils, the governing board may assess reasonable fees for fine arts and vocational education courses and for optional services, equipment and materials offered to the pupils beyond those required to successfully complete the basic requirements of any other course, except that no fees shall be charged for pupils' access to or use of computers or related materials. The governing board shall authorize principals to waive the assessment of all or part of a fee assessed pursuant to this paragraph if it creates an economic hardship for a pupil." Governing Board Policy JQ – Student Fees, Fines, and Charges - also addresses this provision.

If above fees present a financial hardship for any student, parents may contact the school principal to assist with a payment plan or waiver of all or part of the fees.
